Bud:

I was unable to do you any good with the men in the small photograph. Even Masferrer wasn't much help, he recognized faces but wasn't able to come up with names for them. He did say though, that #5 he remembered as a Mexican and Bernstein didn't seem right for #3.

There might be a break on your elusive #13. A man here told me that in El Paso in 1961 he was contacted by this man, or one that looks very much like him, the man wanted him to go ~~to~~ to Guatemala to train anti Castro types. He was ~~xxx~~ known as "Johnny" but some identification he had was under the name of Vernon D. Hunter. An Army uniform and dog tags with the same name were in his motel room. He was very friendly with a Mexican Congressman from the State of Chihuahua who was later the mayor of Juarez Mexico, by the name of "Luge". Luge helped "Johnny" pass gun's and ammo through Mexican Customs. "Johnny" was being watched by the El Paso police and finally left El Paso because they gave him a rough time. He talked quite a bit about Vera Cruz and how he would like to live there. "Johnny" or "Hunter" has a scar on the bridge of his nose.

Tom Dunkin, the newspaper reporter that I told you about, arrived in Miami today. He saw your picture but wasn't much help. He doesn't have his files with him though. He did mention that a man by the name of Carl Mc Nabb contacted him in Columbus and showed him the same picture that you gave me, the one taken in Dallas. Mc Nabb works for Garrison so it seems Garrison is looking for #13 also. Mc Nabb was in Miami about 3 weeks ago so it is possible that he has the same information on Hunter that I gave you. I gave Dunkin your name and address and am enclosing his card for your information.

In the Titusville Star-Advocate Titusville Florida June 4 to 8 1968 there was a series of articles on the Garrison investigation. In the June 7 article there is a much better picture of #13. It is a full face shot, so with a big blow up of that picture it might be possible to check his nose for a scar. The article originated from a company called Newspaper Enterprises Assoc. Dunkin said a check of The Editors and Publishers year book should get you their address. The name of the NEA staff writer is Heke May.

Here's hoping some of ~~xxxx~~ this will be of help.. If you want to call me for any reason my phone # is 374-2858, and my address is at the top. Have a fine time in the land of resurrection city.

Sincerely Yours

James A. Lewis
