Jm. #184

never asked me at home  
only before I could leave  
2nd floor search room,  
by guard who saw me  
bring it in, with the water,  
in which I got no  
proof & which he allowed  
me to take out without  
proof. At the search  
desk, this fact was  
mentioned & I would have  
picked up anything in  
order to get the fact in  
search room.

By phone 7/7/67 Marion Johnson told me that with respect to my inquiry about the five attachments to a Hoover letter about Similas, this is an error. There are but three. He and Mike Simmons also told me that not from official data but from Simmons' own file of clippings they have identified the picture of the Oswald shooting, from the left, as taken by Bob Jackson, Times-Herald, and used from UPI BY Wash Post 11/25/63. Ordered 2.
