Mr. Marian Johnson
The National Archives
Washington, D.C.

Dear Mr. Johnson,

Continuation Document 1107, pp. 473-4, deals with one George Harding, Jr. and several others he mentioned to the FBI. These include Dr. Wesley Swift, of the Los Angeles area, and a Col. William Hale, of the same city. Another is Emma Shoup, of Lancaster, Calif.

Colonel Hale once had a group he called the "William's" Center. His current sites are of the groups of Dr. Swift, the First Church of Christ, Christian.

Harry Wilson, of the Wilson Party America Club, also Los Angeles, is mentioned, as is an organization group of 300 people.

I would appreciate it if you check the name cards and indexes and supply me with all additional information on all the above.

Sincerely yours,

Harold Wilson
