DATE: March 3, 1969

REPLY TO
ATTN OF: NND

SUBJECT: Warren Commission records. (Your letters of February 2 and 3, 1969).

TO: Mr. Gary Richard Schoener
Box 392 Mayo Hospital
Minneapolis, Minnesota

About 20% of the textual records of the Warren Commission are withheld from research. The non-textual or non-record materials of the Commission are all available for research, except that we do not show the clothing of President Kennedy to researchers. Instead we show photographs prepared by the National Archives that show the location of bullet holes.

No material of the Commission is withheld from research because it has not been catalogued or reviewed. A small amount of material of the Commission relating to the employment of personnel is withheld under subsection (b)(6) of 5 U.S.C. 552. All other material withheld is withheld under the standard guidelines.

We prefer to have advance notice of at least a week, with a list of material to be used, from researchers who wish to use any large amount of material.

The copies of three pages which you ordered were sent to Mr. Weisberg.

Commission Document 577 includes only three photographs, one of which was not copied for you because you stated that you did not want it. We will make a copy of this picture for you if you want it.

Pages 38 and 39 are the same page in CD 244.

Sincerely,

MARK G. ECKHOFF
Director
Diplomatic, Legal, and
Fiscal Records Division
