August 15, 1968

Dear Mr. Johnson,

I would like copies of pages 2,3 and 27 of Exhibit 762, please.

Page 27 refers to receipt of an FBI report dated January 21, 1964 (meaning 1963). I would like a copy of this FBI report. The two earlier pages refer to receipt by the Secret Service of information from other sources, which should also be in the files. I would appreciate copies of these reports or memoranda also.

Pursuant to your earlier suggestion, I have been in touch with the Secret Service. I have been assured that after issuance of the Attorney General's order of October 31, it sent the Archives everything it had. Therefore, these reports should be there.

Yesterday I confirmed that the names I wanted checked through the name files and the Secret Service card file are those of Joseph Adams Milteer, Jack H. Brown (Chattanooga) and Kenneth Adams (Birmingham). I should like to add Jack Caulk, which may not be the exact spelling of the last name, Lee McCloud and Conde McGinley.

Inadvertently I omitted the check yesterday. It is enclosed.  
Thank you very much.

When we spoke yesterday you thought it likely the microfilm might be ready next Wednesday. If you could have these and those things requested by Hal Verb and Gary Schoener by then I'd appreciate it.

Sincerely yours,

Harold Weisberg
