Dear Mike,

There was one missing from the copies you sent to me and I gave me yesterday. That is the report including a translation of a letter written Oswald from Mrs. Lee at Sunday, in addressed to him at the Buine's. To appreciate a copy of this and of the original letter, which is in Spanish.

Also, I have discovered by list of the documents on David William Ferrie. Ferrie gave me one last year. It listed all the documents in which he is referred to and the date and place. Would you please mail me this also?

If there is a copy of the Service Central 109, 104 and 470 (all in 3087) that is more legible in a copy. Thus, I have a copy of copies, also mailed. As you know, these are pretty rare.

Thank you very much.

Sincerely,

Harold Weisberg
