

11/22/60

Dear Mike,

With regard to CME7:300 and FBI Exhibit D-37, both of which you gave me last week, may I please have a copy of the envelope in which the original was mailed?

If there are either FBI or Secret Service reports of any further investigations of this letter or anything relating to it, I would also like copies of them, if you can locate them.

If there is anything on the reverse side of the envelope, I'd like that copied also, please.

The copy of CME740 was not made from either a photographic negative or a photographic print. It was made from a printed copy. The photoengraving someone is quite visible. May I please have one that is not a reproduction of the printed version, one not cropped and as clear as possible? This one seems also to be slightly out of focus. If you want this one returned, I shall return it. I would prefer the print to be as close to the original as possible. It was made by the Dallas Police Department.

May I also please have a copy of each of the following:

CD7:701
CE105:238
CE106:302,307,309.
CE107:584
CE113:2,12
CE118:138-9

Because I do not expect to be at the Archives during the coming week, if this material is ready before I phone you, I'd appreciate it if you would mail it.

Thank you very much.

Sincerely,

Harold Weisberg
