

Archives 9/24/57

DO trial transcript; withheld documents.

Phoned Mike Simmons, who told me he had taken my copy of the bibliography and gave over it, marking what is still withheld with a checkmark "X" and crossing out the "X" on what is not withheld now. I have not yet had a chance to examine it. Bud had it. His office returned it to me with a list of numbers, Bud believes in Simmons' writing.

I also asked him for the transcript of the trial in Judge Helleck's court. It was his opinion that the Archives had it, with Dr. Rhoads the defendant, but it is not in their archive. He said Rhoads was travelling in Europe, speaking, and he suggested I phone his secretary, a Miss Carr, inside number 33434.

It was also her opinion that the Archives had to have a copy of the transcript, but not in her office. She believes it should be in the Legal and Diplomatic section and will inquire there. I asked her to have the afternoon session copied and charged to my account, if it is in the Archives, and to let me know if it is not.

I will compare the annotated Bible with the list I have with the lists supplied Hoch when Fensterwald returns them. I left them with his secretary for her to copy and return.
