Mr. Marion Johnson
The National Archives
Washington, D.C.

Dear Mr. Johnson,

C Attached is a copy of a document from the GAI-FBI file, a 1/11/64 memo from Charles Shaffer to Howard Wilens entitled "Information Failure".

I do not now recall whether I ever saw or read the attachments referred to. I believe they were not attached.

O Would you please let me know what these two letterhead memos are about and their dates, so I can determine whether or not I have them? If they are but a page or two each, it will be simpler for you and satisfactory to me if, instead, you copy them and mail them to me.

Thank you very much.

P
Sincerely,

David S. Siegel
