Dr. James D. Rhoads, Archivist The National Archives Washington, D.C. 20408

Dear Dr. Rhoads,

I write to ask for a copy of the November 10, 1966 report shown to Dr. Lattimer when he examined the autopsy materials covered by the GSA-feely agreement and for enything else he was shown not itemized in that agreement and of which I have not been provided a copy or has not been shown to me.

Mr. Vaster has given as an indication of the time in which response is supposed to be sais to simple, uncomplicated requests. I do hope that henceforth it say become the rule rather than the exception.

Sincerely.

Harold Weinberg
