Dear Mr. Johnson,

I have not been well, am not yet full mobile, do not have access to many of my files, so I write you rather than write several letters.

I do not presume the NARS cashier has made a mistake but it seems to me that not long ago I inquired into the state of my deposit and was told there remained an adequate sum. I realize copies could have been sent me thereafter and I could have lost track of time. I would appreciate it if when you forward the enclosed check for \$100 you would request the cashier's office to make a check.

Several requests or appeals were forwarded to CIA by NARS. To date I have received no response. I think these matters are months old. I would appreciate answers.

I have asked for copies of all CIA declassifications if they are separate from the releases of 1972-3. I believe that some time ago I wrote Dr. Rhoads reporting that what has been sent me does not include either fully.

I also believe there has been no response.

Whether or not I wrote such a letter, I have seen what has not be provided me under these requests. If as I think I did I did not ask for a review to ascertain whether or not my requests had been met fully, I ask it now.

If any agency has transferred any other records to NARS, I would like copies.

Thanks you very much.

Sincerely,

Harold Weisberg
