Dear Mr. Weisberg:

This is in reply to your letter of September 2, 1975.

The photograph and copies of documents you ordered will be sent to you as soon as they can be prepared. We do not believe that a better copy of the Aebersold letter of December 11, 1963, to Assistant Attorney General Miller can be made because the "original" is an electrostatic copy which is also illegible in some places. No other documents relating to the spectrographic and neutron activation analyses have been located.

Sincerely,

Jane F. Smith
