

7/11/66 Doc 1546, con't. Interviews with Marina, pp. 220-49, inc.  
9/8/64, living with Priscilla Johnson, Lake Tawakoni. Asked if O had left a letter similar to that before Walker incident, inference being if he planned assassination and had left letter before trying to kill Walker he certainly would before assassination JFK. No such letter. She had no reason to believe he ever had any such intention (killing Pres. Eisenhower) as asked about. Name Leo Leo Setyaev not written in O's address book by him or her...O made anti-UN broadcast in Moscow to help him stay in USSR. Get 221-4  
Unsigned, undated. no letterhead memo! By letter dated September 3, 1964, the President's Commission requested that appropriate steps be taken to insure that no property in the possession of LEE HARVEY and MARINA OSWALD as of November 22, 1963, the existence of which is not known to the President's Commission, still remains in the possession of MARINA OSWALD, ROBERT OSWALD, MICHAEL or RUTH PAINE, or any other persons." Identified by DL 100-10461 RPG:pm"  
Series of interviews with those named follows, dated 9/14. Marina said all of O's property "is presently in the hands of officials concerned with the assassination investigation." She made her own property available (629 Belt Rd.) Asked also for any correspondence she had had with anyone in USSR after assassination, she said she had had none other than what she had already given FBI. Ruth Paine said, "...Oswald liked sweet rolls and would generally eat ~~them~~ sweet rolls, if Mrs. Paine had them, with coffee on the Monday following his weekends at the Paine house." Confirmation by Marina (p. 237)  
Marina had a joint account, under the name "Maria Martin", with James Herbert Martin. In it were money contributed to her (-. 242)  
\*Interview Marina on 9/17/64, dated 9/18, getting. She granted free interviews to ABC, CBS in anticipation of release Report, but demanded \$10,000 from NBC and got \$5,000. She and Priscilla Johnson stayed at Santa Fe with a relative of Miss Johnsons named Davenport and Declan Ford advised that anyone wanting to speak to her first speak to Miss Johnson, or ask for her, on phoning (he gave number) for she was avoiding the news media which were anxious to speak to her following release of the Report. From these things it is clear that there is at least an inference Marina knew the contents of the Report in advance, through the media or otherwise, else how could she comment?  
Doc 1108 (Exhibit 2645) Re: Earlene Roberts and police car. Page two has a list of four cars "assigned" to District 91, which is meaningless for assignment that day was meaningless, and it makes no ref. to radio logs and what they reveal. Info from Batchelor, who asked his men if they had had any contacts at 1026 N. Beckley. Reveals nothing of what Mr. Roberts said of those she was connected with. Captain Talbert said his platoon "were the only marked and numbered squad cars in operation that afternoon, with the exception of three or four units, which had been specifically assigned to assist the Traffic Div. in the protection of the Pres." In his list of assignments, no mention of Tippit.  
1111- (Ex2996) JEH to Rankin, 6/17/64 with 2 enclosures of a memo of 6/13 re Earlene Roberts. Her connection with the case has been causing Mrs. Roberts to lose her jobs. It quotes her sister, Mrs. Cheek, as saying "...she has been contacted many times by law enforcement officers...once an employer finds she had anything at all to do with Lee Harvey Oswald she is discharged." Mrs. Cheek requested that is anyone want to see Mrs. Roberts, to let her know and she would arrange for Mrs. Roberts to see whoever wanted to see her, presumably without attracting undue attention. Mrs. R confirmed these things to FBI personally. Throughout this memo there is reference to but Nov. 21 and not 22, and where Mrs. R. was the 21st., not the 22nd.  
1128, SS response to Belin's request for data on bus, taxi routes Jefferson-Marsalis area, 6/15/64. This actually deals with the area other than O's rooming house and in some intimate detail. The report was phoned to Belin 11 p.m. DC time. He had asked for it 6/13, to be supplied before noon 6/15. Rate of phone call unspecified.  
1129 More on same, 6/17, by Inspector Kelley, with note map of Route 55, added in hand, reads, "only copy of map is with exhibit 1979"  
1196, FBI re inv. of Curry's busy phone, covering memo dated 6/26/64, in answer to Commission's request of 6/18 (rather a late date if serious investigation was intended). On 6/24 ~~Curry told the Vice~~ ~~of~~ ~~his~~ ~~knowledge~~ between 5:30 and 7:00 a.m "his telephone was not in use by any members of his family" Squad car arrived there 6:30 a.m with message from Talbert. Tel Co. had not gotten out of order report.

7/11/ cont'd. Doc. 1266 (Ex 2072) JEH to Rankin, 7/16/64 about publicity 11/22 and later, with JEH saying that Johnson was concerned, and this was true as late as 11/27, etc., with ref to Manning Clements' testimony before WC 1526 (Exs 3035 (Truly) and 3076(Baker), two handwritten statements, each 2pp adn each dated 9/23/64, with no covering letter or explanation, although each is marked with the encircled ~~ix~~ number 2 in red. Both to FBI Agt. Richard Burnett. Truly's is a foreshortened version of his test. about the encounter. Baker's, however, has two quite significant corrections. The first is the elimination of "or third floor" after "On the second", with "floor" written in and initialed "MLB" and the second the elimination of "drinking a coke" at the end of the sentence in the same paragraph that, with the deletion, reads, "I saw a man standing in the lunchroom" Here a dark period has been added and the rest stricked through. But it is clear that as of the time the Report was already written and about to be released Baker was uncertain whether he had gone to the second or third floors and that, in fact, Oswald was standing there, not just walking in, and was drinking a coke. Truly's statement limits it to the second floor but avoids all the other \* stuff. Ordered Baker.

1536 Texas' Supplemental Report, dated 10/5/64, 20<sup>1</sup> sm pp, large type, well leaded, signed Carr, covered with letter to Connally. FBI Rpt to be as comprehensive as possible. write for.
