N

Correspondence with Mr. Harold Weisberg.

L - Mr. Robert J. Yock

Attached is a new draft of a letter to Mr. Weisberg in reply to those letters from him that involve the "Memorandum of transfer" of the autopsy materials. I would like to inquire whether it would not be best to give the reason for withholding the memorandum which is given in the draft. The question of the availability of the memorandum could then be decided by the Department of Justice or by the courts if Mr. Weisberg chooses to file suit.

Sincerely,

JAMES B. RHOADS
Archivist of the United States
