NOTE:

A citizen wrote to the Bureau and enclosed the center section of the above paper which is the autopsy photograph taken of Oswald at Parkland Memorial Hospital. The "Enquirer" is an unsavory newspaper which deals in sensationalism. How this paper came into possession of the photograph is unknown. Our New York Office made extensive efforts to obtain a copy of this newspaper, but because of the limited circulation of same, was unsuccessful. Unless specifically advised by the President's Commission to continue further investigation, no further action appears warranted.
