Dear Roger, Langley

There was a commitment to buy that material from me for \$200 bucks.

That after this it was not used cost me more in the attention the book did not thereby get.

Once you made the deal I could not talk to anyone else.

So, how about that \$200 you said I'd get in a couple of weeks and if I didn't to let you know?

To let you know is the reason I tried to reach you last week when you were not in and again just a few minutes ago.

National Star. Ford stuff from WW IV

Sincerely,

Harold Weisberg
