Big Step Forward For NSRP

The White race now stands under the worst firestorm of race-mixing propaganda ever to be unleashed against us. Our youth are being inundated with lies and falsehoods claiming there is no difference between the races.

Ignored is the fact that all that we see around us associated with enlightened progress springs from the womb of the White race. Pitted against us in this battle are warped and sick minds plagued with self-hatred for their own race. These brotherhood lovers would level our gifted White race down with that of the decadent parasitic Black savages of the jungle.

THE AMERICAN RIGHT stands at the crossroads of White race survival! At this very moment many debauched churches are instilling within the brains of the flower of our youth the idea that interracial marriage is the ideal solution to the race problem! The malignancy of television now has reached monstrous proportions with the White race being insulted and ridiculed by bloated Jew T. V. "stars." They heap slur upon slur in their jokes and race mixed skits all in the name of entertainment.

The alien Jew controlled daily press follows up with its endless rhetoric about the plight of the poor nigger welfarite and how much better it would be for us to tax ourselves to death to provide HIM with a Guaranteed Annual Wage.

The Jew monopoly of Hollywood, T. V. and the press poses the final attack upon the last remaining resistance of the White people. From the decadent beat of "hard rock" to the Jew produced pornographic movies, all are designed to bring down the White race once and for all.

THE WILL OF THE WHITE RACE TO SURVIVE

Despite all that the enemy can heap upon the White race, there is still an indomitable inbred instinct within our race for survival. Slowly but steadily there is a rising tide of Rightist feeling in America. As philosopher Eric Hoffer warned, "You better watch out. The common man is standing up and someday he's going to elect a policeman President of the United States."

The chief issue concerning our people right now is street violence perpetrated by Blacks and Jew led radicals. The more they bomb, demonstrate and riot-- the more extreme will be the final reaction of the White people against them. What the radicals are actually doing is awakening the masses to the realization of the truth contained in our warnings over the past years. As the assault upon the rights and freedoms of our people increases, so does the demand for corrective action cry out from the White majority.

Yes, the feeling of the White Folk is moving in our direction. The recent increase in inquiries and contacts from new people for information about the NSRP proves to us that the people are indeed searching for the truth. As the radicals of the left continue to push

our people to the wall, so grows the reaction of our people in the opposite direction.

THE COMING NATIONAL AWAKENING

Older citizens are greatly alarmed when they witness the destruction of values long held by our ancestors and passed down from one generation to another. Over a lifespan they have witnessed the undermining of Christianity, lowering of morals, respect for womanhood, sanctity of the home and the rule that one must work for a living.

The National States Rights Party has come on today's political scene like a knight in shining armor-- because our people have become sick of all the talk about "how bad the situation is." They want action! The NSRP is a unique organization which has no equal in American politics.

The NSRP has given the White people fighting leadership due to its special qualities:

- 1) The National States Rights Party is by far the largest openly pro-White political movement in America.
- 2) The NSRP is not regional, but has chapters North, South, East and West. It is a LIVING, BREATHING POLITICAL ORGANISM which patriots seeking action can become members of (Most rightist groups have no actual members or chapters).
- 3) "THE THUNDERBOLT" has been called the hardest hitting newspaper in the right wing. It is designed for mass distribution and is a vehicle by which supporters can awaken others to this sacred cause. It is designed to alert the public to the dangers facing the survival of the White race and then give them a course of action toward effecting a solution.
- 4) The NSRP is the only rightist movement which holds large National Conventions where members can meet, voice their convictions, initiate new programs and meet fellow patriots from all over the nation.
- 5) The NSRP is the only group constantly out holding mass meetings where the public can learn the truth about the enemy. We hold more meetings and rallies than all the other groups put together. Also our mass literature distribution system is unmatched in the American right.
- 6) The NSRP has leadership in depth, with many highly qualified national, state, and local leaders. We have men like Ned Dupes, Attorney J. B. Stoner, R. D. Eldridge, Gene Wilson, Roy Wake, Neuman Britton, Jerry Pope, Kenneth Adams, Jerry Heinemann, Dr. Fields and others too numerous to mention.

The NSRP is an organization which gets the job done and gives you more action and more results than any other similar group. We must all place all our efforts in building the NSRP because THERE IS NOT ENOUGH TIME LEFT TO TRY TO BUILD NEW GROUPS WHICH DUPLICATE THAT NOW BEING ACCOMPLISHED BY THE NSRP!

Where ever our speakers go we find the masses of the people ready with open arms to welcome the fighting men of the NSRP. At a recent meeting I (Dr. Fields) addressed in New Orleans, we had hundreds of students and parents giving standing ovations to our message of inspiration to the White people. The people are looking for the right organization to lead them into battle and victory for America and race survival.

All this is but just a part of the long struggle we have gone through in order to build this glorious fighting Whiteman's movement. It is now part of your heritage and a growing cause so strong that there is nothing the enemy can do to stop us. Not long ago the "Wall Street Journal" admitted that the NSRP can no longer be ignored on the political scene.

Our members are filled with a determination to see this struggle through to ultimate victory for the White Race. We want it to be known to our enemies that absolutely no sacrifice is too great for our people to make in order to smash our enemies and win this fight. From time to time some supporters have dropped by the wayside because they expected a quick and easy victory. But, it is the "stick with it" faithful folk who have stood with the NSRP down through the years who are responsible for the building of this movement into the formidable structure it is today. They now can glory in witnessing the groundswell of popularity which now greets the NSRP wherever we set up our speaker's rostrum. Thus we have become THE leading Right Wing White people's movement in America.

WHITE RACE SURVIVAL OUR CREED

The very foundation and basis for the existence of the NSRP can be summed up in the following tenets of our racial stand:

- 1) That the beautiful and inspired White race was created in the image of God.
- 2) It is our duty in life to uphold the traditions, heritage and culture of our forefathers.
- 3) We must honor and protect the dignity and sanctity of the family unit as the genetic basis for the continuation of the White Race.
- 4) Our loyalty is to our children and all power within us must be directed toward saving their minds from being corrupted by satanic race-mixing filth.
- 5) That the White Race is God's miracle on earth and must live forever.
- 6) White people share a common brotherhood with other Whites only.
- 7) We Whites are of ONE BLOOD, ONE FAMILY and of ONE RACE.
- 8) Our KIND, our FOLK, our NATION is one-- by UNITY OF RACE.
- 9) Preservation of Racial Purity is ALL, and to that principle our lives are dedicated.

A PERMANENT HEADQUARTERS FOR NSRP

Some ten months ago, a special fund was begun to raise money for either the purchase or construction of a permanent headquarters building for the National States Rights Party, "The Thunderbolt" newspaper, and our other operations.

At this moment we rent a 12 room office building from a Christian patriot. We are thankful that he has withstood pressure to force our removal from this property. Nevertheless, we are situated in a so-called land development "boom" area. There are two new shopping centers located behind and in front of our office. The value of the property we lease has skyrocketed and sooner or later our landlord will have to accept one of the many offers he has received for this property.

The NSRP has been in need of a permanent location for some time. We need a larger building with enough space for expansion, and also ample room to meet the public and hold leadership conferences, etc. Right now we are quite crowded. We need a building which will lend prestige and win additional recognition for America's largest White people's political party.

For this reason, we established the building fund which holds some \$6,500 at the present time. With building costs continuing to rise, the longer we put off buying our own permanent home, the more we will have to pay in the end. Our first goal was \$10,000, but we really need something closer to \$15,000 if we are to have a down

payment large enough to insure a loan for the balance.

THE GREAT LEAP FORWARD

We want to move faster toward the goal of having our own headquarters building. As you have witnessed in "The Thunderbolt," we are slowly climbing toward our goal. We are sending this issue of "PERSONAL NEWSLETTER" to all our subscribers. Normally it only goes out every month to members and those who give contributions from time to time to help sustain our work.

This month we want to make a GREAT LEAP FORWARD in our effort to reach our building fund objective. If every one of our subscribers would make a contribution now, (be it large or small) by next month we would have the funds on hand to buy our permanent headquarters building.

Remember, the NSRP does not have one single wealthy individual aiding us. Our support is confined solely to working White people. Still there are some who could give \$100 or more. Others may be able to afford to give \$50, \$25, \$10 or \$5 or less. But just about everyone can afford to give something. The April Thunderbolt issue #136 will list the initials and states of all of you who answer this appeal. Help to make your state number one on the list of those aiding the NSRP Building Fund. You will be able to see for yourself just how many gave and whether or not we are to be successful in speeding up the attainment of our Building Fund goal.

Keep in mind that if everyone gave just a small amount our success would be assured. If others who can afford it will give more than they normally would, we would go over the top in our fund drive. To encourage all to reply right now, we are offering a special premium bonus booklet entitled, "The Black Guard Training Manual." We received this from a keen political investigator in Muskegon, Wisconsin. He tells us this is the instruction manual used by both the Black Guard and RAM, two of the most radical Negro revolutionary organizations. It is a detailed plan for militant action, 20 pages long with a cover we printed to bring its deadly contents to the attention of the public (available only from us in limited supply). All who respond to this sincere appeal will receive a copy of "The Black Guard Manual" as a token of our appreciation.

Please give the largest gift possible and rush it back in the enclosed envelope. We know you will respond to the very best of your ability. Soon we will be able to invite you down to visit the new NSRP Headquarters Building. It will be one you will be proud of and will be a permanent foundation for this patriotic Christian movement. Help to make this GREAT LEAP FORWARD the most important advancement for the NSRP to date.

I look forward to receiving your letter and may God bless you for all that you are able to give.

FOR WHITE RACE SURVIVAL,

Dr. Edward R. Fields

PERSONAL NEWSLETTER is issued monthly to members of the National States Rights Party and to its supporters whose regular monthly contributions help build this patriotic Christian movement.
