Headquarters Building Purchased

Dear NSRP Supporter:

We have waited a long time to be able to make this grand announcement. The National States Rights Party now has a permanent Headquarters building. For the first time in our history we have a base of operations which will be more centrally located and will bring credit upon the NSRP.

The new Party Headquarters Building is located in Marietta, Georgia. This city is located about 20 miles North of Atlanta and is within a day's drive from Kentucky, Alabama, Mississippi, Tennessee, South Carolina, North Carolina, Virginia, Arkansas and Florida. It is within easy driving distance from many other locations. We are now located very close to "Patriotic Printers" who print The Thunderbolt newspaper for us every month.

The new Headquarters is housed in a two story brick building on one of the busiest corners in Marietta. The office should be opened by Oct. 4th. It is located at 591 Cherokee St. But, all mail should henceforth be addressed to the new post office box (number 1211) Marietta, Ga. 30060. Phones will be installed in October and this information will be published as quickly as possible. In the meantime the new number can be obtained from information.

Our plans call for an "Open House" celebration to be held in November and all of you will be invited to attend. A meeting of national party leaders will also coincide.

HUGE STEP FORWARD

In the past the National States Rights Party has always rented property. We have been subject to harassment of our landlords and other attempts to force us to make constant moves thus inhibiting the progress of our work. This interference has now been cast aside and we can concentrate full efforts on building the NSRP.

This project has been brought to a successful conclusion due solely to those who contributed to the Building Fund. This is certainly a victory you can all be proud of. Many gave more than once, some several times, because they saw the urgent need for the NSRP to have a permanent home. We feel that the final selection we have made and its location are ones which will definitely enhance the growth of the Party. All Party leaders who have visited the new headquarters have expressed pleasure with the choice as we feel sure that you will also.

PRESTIGUE SITUATION NEEDED

As all of you know there is an old saying that, "nothing succeeds like success itself." For a long time we have been hampered by the fact we have been housed in buildings
(over)

that have been beneath the proper dignity needed to present us in a highly professional light to the public. This is the case with the old and run down office we had to use in Savannah, Ga.

The organization must be in a position to put its best foot forward, because new people who constantly visit the Party Office must be impressed that here is an organization of permanency and substance. All of our old supporters realize that this is the case, but new people must also be impressed with this fact.

Another matter is one of furniture and fixtures. Much of the furniture in the former Savannah office is old and dilapidated. It will not be moved to the new building. We must have modern furniture and office equipment which will give us a streamlined operation and a more efficient office, thus speeding up our work.

When you visit the new headquarters building, we want you to be very proud of this advance. Therefore, we are taking this occasion to ask all those who have contributed so generously to making it possible for us to buy our own building, to join together in one last great push to help us to purchase office furniture, equipment, fixtures, etc., that are vitally necessary. Not only that, but we are right now ready to pave a parking lot which will lie at the side of the building for our visitors. Inside we are repainting, hanging drapes, laying carpet, etc. We are also faced with large moving costs of transportation of office equipment from Savannah to Marietta.

We will therefore call this an "NSRP Building, Furnishing and Remodling Project" and it will be made a part of the building fund.

Therefore, we ask you to stand by us in this one final push to complete this great task which began almost two years ago when the Building Fund was founded. We ask that you give as generously as possible and help us make this a first class finished job which will reflect credit on all that we do in the future. So, please help us now to finish the job and we look forward to being able to send out the invitations for all of you to come down and see for yourselves at our forthcoming "Housewarming Celebration." Write soon and may God Bless you for all that you are able to do.

For The Advancement of Our White Race,

Dr. Edward R. Fields
