Dear Mr. Kass,

Thank you very much for the Xeroxes, which arrived today.

After our conversation last week I got in touch with men in Los Angeles and San Francisco who are helping me to ask them to contact your local people and offer what cooperation they may be able to.

In one case, we have an interesting tape recording, not the literary property of the man who has it. I have asked him to seek permission for your people to hear it.

As I told you, what I have is available to you at any time. We can copy anything you may want right here and I can provide accommodations for whatever you may send.

When we spoke I forgot to ask you if you have any information on these things:

The Louisiana Blue Shirts, "Rev". Raymond Broshears, "Rev" Jerry Owens (Santa Rosa, Calif or East Los Angeles).

Thank you very much.

Sincerely,

Harold Weisberg
