Near Hill,
Your $4 /: /$ came yesterday, our third mail for tho week. The first two were tin Lightestive have hal in years. and a'doure that getting tired frow the snow shovelling was geod for you. liow I envy that! By why not get a snow blower? With an electrict start.

I ordered a typewriter ribbon that was to have been here last reek. It came Finlay. The neighbor the was to pick it un yesterday could not get out of their lane so I suppose I'll get it this conan", week. but although these get my fingers all inked up, that ta no spaicui problem I I can make out with it. How over, if there is a chance of getting a ribbon thant lasts longer or inks ap less, that would be a benefit. I've been using liukote 176 s. Tho machine cant use a ribbon longer that 14 gds and il has a hulf-inch width. Ho correction feature alas!

Pepper's book is worse than trash. It hurts truth and Ray.

- know: nothin; about $\mathrm{N}^{\prime}$ 's snow removal but they have less money for it and " Less experience with it and all sorts of demands on than other cities do not have. We are lucky to have a neighborfuhio cares and does not have to be asked. He goes around and
clears the land of others, oldest first. He came Friday aft er I was abed and in addition to using his blade to clear the lane used a shovel extensivley. Car ticked off as usual yostariay. Battery did not really need th i charge I eave it. Heed cleaned the snow: fro: the door to the ear, wo no dancer in doing that for me. ${ }^{\text {he }}$ came back again yesterday, with th lane clear, to get rid of some drifts that might have been a problem to a car. I hope the runoff has bon enough so that by Tuesday there will not be too many places whore frozen runoff wats. can be a danger to me so I can go to the Lab. They came hera Hilurslay, which was fine of them. and get Lilo out of the house. She's not complained and + think probably later today will fill sone of her bird feeders. Hone GO: emptied but some are still under a lout of now. Ne have more than 3 feet.

Def: wo yo get this yon should have tho beginning what I've tentatively titled "heachery" in tin. JFK Assassination. I've finished the ms except for what I've almost finished writing about, his epilogie, and $\quad \therefore 1 i$ be sending that when I can. Right now I'm beginning today catcalling vp on mai.. I concentrated on that writing for two weeks and When for most of the time I cullis not iso out to walk or for the blood tests and first lad no papers ant than only skimmed then, sot much writ ins done for so short a time.
"hose honaybell tanceitos are great, as usual" thanks!!
as If get clown into the stack there may be more latior. Plan to take the games in today and may even stay up fo the Dallas/GB. - like that fevered

Best to you both,
