Dear Harold:

Pat Buchanan, a man for our times! Of course, those times are about 1848.

In addition to the political assassinations of our times, I guess the main thing I have learned from you is depth of anti-Semitism in our country. As you know, much of this is promulgated by Spotlight-Liberty Lobby and assorted groups. Buchanan has the support of many of them. David Duke endorsed him in Louisiana, and it helped him!

But I have my own problems, besides worrying about an idiot like Buchanan. My brother Larry is still in the hospital, but his leg strength is improving. It has been a scary two weeks. We were to go to Daytona, but we had to cancel. He still did his two radio shows last Friday night. But from the hospital, not Florida.

So, that situation should be improving. But it has been a nerve-racking time.

I intend to send the criticism of Walt Brown to Gerry G. next week unless I hear otherwise from you.

I guess you know Cartha DeLoach has a book out. I read the chapter on the JFK assassination, and it is of course the same old stuff.

The car heater we discussed will sit on the floor and plug into the cig lighter. 600 watts.

Hillary Clinton was in town for a book signing this week. Sold 2,000 books and people were delighted by her appearance. She is surprisingly popular. I think the "Silent Majority" realizes she and Bill are the victims of a Republican smear campaign. Bill was here a few weeks ago, and he was popular. Whatever Clinton's faults, he has at least not screwed up the economy. Go, stock market, go!

We have a pair of mallards that come and swim in our pool. Usually arrive on Good Friday. This week, landed on Ash Wednesday. Maybe sign of an early spring. Eerie how they come on such dates.

I bought some markdown eggs the other day that had a candling date on them. I thought to myself, "Bet Weisberg knows what that means!" Say HI to Lil and try not to get too worked up over Buchanan. I'm worked up enough for the both of us.

Mad because my brother is in a wheelchair and I had to watch the Daytona 500 on TV, I remain yours truly,

Bill
