

Dear Bill,

9/4/97

Thanks for your 9/2 and the pix and other ^{nothing} enclosures. I may write that Times reporter over the McCloy bit. But at the moment, until some of the "arbehenns" get here, Lil will get around to sending you a bill and she'll write you about the typewriter. She'll appreciate the Sharp ribbons and perhaps the Selectric. But for her now the smaller machines may be better.

Last Thursday Cesar was here to depose me in the case I got him, of the White House SS agent defamed by Howard Donahue. I told Donahue long before he got his ghost for that awful book that it was impossible and the pictures prove that. Jim told me that Pepper had asked him to go to Memphis to testify, that he had and that the judges wiped that out as soon as the plane landed. Glad to get those clippings, though. ...Dexter King is making an effort that he is also hurting. If the family had had this attitude 30 years ago when I tried Ray would have had his trial and would have been acquitted. Even in Memphis.

We'd hope that you AND BETSY would get here. Sorry she won't be with you when you get here. Which we hope may be soon.

On your question, who killed JFK, by now you should have that LA Times story I sent you quoting an educator, no less, in Orange County, as saying that the Israelis did it. And strongly believing it.

Lil is going to send one of the pictures to her sister, thanks.

If I did not tell you, I've mislaid somehow the contacts Broderon sent. They are just general of the area and Bill Mills has more, including on video. I have a feeling one of the deposition lawyers left with those pix by mistake.

Nice looking dog. Who should with a look persuade strangers to keep going.

The Groden disk is two. I used a fluffy mailer to protect them. You should have them by the time you get this or ask the PO for a check. Sent 1st class.

Kil was ahead of the media in saying that Diana made the Windsors look less human.

Yeh, football is here. ~~XXXX~~ Redskins running back, who did almost 150 yds., had a finger broken on a foul by a number of the other team and all out of bounds.

Best,
