Dear Harold: Re: 2-13-01  
Hemingway drank & used longhairs  
& went fishing, my hint to him!  
He drank more, wrote more, & fished more.  
Damn! He was smarter, too!

It is 12:30 am Monday Feb. 26,  
sincerely apologizing for my lack of correspondence,  
I have been in a fog since 1998, when  
Dad got sick. No stuff to City O. ASAP,  
including my show.

Joe Arnold seems content to do 1 Coagulating  
show a year. I want to work on other, including  
Art Bell's "A17 Coast to Coast!"  
Bell was suspended 1 year, legal problem,

think WABC - NY, He is trying to "rebuild" ala Frank Albert. Next page - perhaps you can be on! To be brief - 2 projects

① What would you want in a 1-2 hr. documentary if we wrote it & (me or someone else) financed it? P.S. Could perhaps get Noah Wyle, "Dr. Carter" on NDC, hit "ER" <sup>to narrate</sup>

② Fruit is on the way! I wonder if you were back on fruit.

Best ribbon ever! I want to buy a "quiet" typewriter so I can write you at night. Have 2 IBM Selectric

It's I read "Hitler's Secret Bargain" - shocking even to me! <sup>Once</sup> actually sold a trainload of Jews, Back to Jews.

Harold, your kind words about me + Joe Arnold show were one of the 'High Points' of my life! I really have tried to represent you, Jerry MCK, Dave Whone, Greg Stone, Sylvia Negeher et al with accuracy - truth is truly stranger than fiction.

My legal experience, auto racing radio, talks with you, Whone, MCK etc, Washington Engineer Assoc. Eq. Dist. PAC - Delran NJ - I was chief legal expert - all have combined with meeting Joe Arnold at a Kroger opening - to make me a radio JFK-MCK expert. And they said an Honors Program history BA

wouldn't make me rich!

They were right. Thank God for  
Caterpillar!

Enclosed article re FBI traitor  
quotes good buddy Kevin A<sup>c</sup>.

Another of my no-count friends that  
has won in U.S. Supreme Ct.

I'll lube up the typewriter &  
write soon

Love,

Bill Vert
