Dear Harold,

How are you all doing/? If I can get this typewriter to work, I'll be doing great!

Heard an interesting thing a few days ago. The son of the Alaska congressman who was killed with Hale Boggs, a Dr. Nick ?, was on AM Coast to Coast, the show from WABC which replaced Joe Arnold Show, Forget his last name. Anyway, he claimed that in 1994, Roll Call got some documents that essentially state that Boggs etc. were seen on the ice after crash, sent a radio signal, and were "being tracked". His claim was that his dad was killed because he was an enemy of the Big Oil companies. They gave him 3 hours of airtime, and I don't even believe he mentioned that Boggs was on the Warren Commission.

I was asleep for part of the show, but what really amazed me was that he had so little else to say ~~3 hours~~! I think they are a little desperate. I may send my last tape to them and try to get on. This would establish a relationship and perhaps we can get Dave Wrono on when his book comes out.

I always told Joe Arnold that we had to be entertaining, keep the ongh longhaul truckers awake and not driving into the woods! Late night must be entertaining to be informative. This guy was so nothing, he really should have been on for 30 minutes.

I did 20 minutes on brother Larry's local ESPN radio show last week. Good to keep in practice. Whether I discuss race cars or JFK or MLK, I try to be interesting and tell people something they have not heard before. My December show with Arnold was very rewarding, as people called in and thanked me for the JFK info.

I do all my writing at the office, but I am anol only here in the mornings. Spend the afternoons taking snacks to mom in the nursing home, looking after her house. So, I am behind in law practice and with you.

Let me get this straight. You gave all your JFK bookskl to Hood, tey put tnen in the bargain rack and KClay had to buy the-back?

If you need a project to work on, perhaps you should try to arrange a folder with some of the most important JFK papers in one ppa place. I still think you should try to write a magazine article.

Betsy is coming along on her PHD. Then she will be officially smarter than me. Her \$3.1 million case of her cousin, cancer patient who had a catheter broke off in her by a bad doctor and then it is now stuck in her heart, survived Illinois A ppeals Court and is headed to Ill. Supreme Ct. Hope it holds up.

Betsy did all research on this case. Her cousins dad Dick Dillon was head to the Cook Co. Democrat Party when JFK was elected, knew JFK. We always say he was in charge of the ballots they found in the lake! Betsy was born in Lake CKounty, but Dick got her birth certificate issued from Cook KCOuhnty! So, I married into Democrat royalty. If we had gotten married when Mayor Daley was alive, we would have gotten a present from him.

I may be able to get up there in Fall. I am going to Dallas in September, what should I look for? Never been to Dealy Plaza. Say HI to Lil and McKnights. I'll try to write sooner.

Love,

Bill
