CROSS

WILLIAM EUGENE NEWMAN, JR.

...oOo...

WILLIAM EUGENE NEWMAN, JR.,

a witness called by and on behalf of the State,
having been first duly sworn was examined and testi-
fied on his oath as follows:

DIRECT EXAMINATION

BY MR. GARRISON:

Q Where were you living in November of 1963?

A 718 West Clarendon, Dallas.

Q Where do you live now?

A 227 East Greenbriar.

Q Can you recall the day of November 22 of 1963?

A Yes, sir.

Q Do you recall anything unusual happening that
day?

A Yes, sir.

Q What do you recall happening?

A I recall President Kennedy being assassinated.

MR. DYMOND:

If the Court please, we object to this
witness' testimony on the ground that
it is irrelevant to the issues in
this case, as we have done before.

THE COURT:

The objection is overruled.

1 MR. DYMOND:

2 To which ruling we reserve a bill of
3 exception, making the objection, all
4 of the questions by the State, the
5 ruling of the Court, and the entire
6 testimony up until this time,
7 including the testimony of this
8 witness, parts of the bill.

9 BY MR. GARRISON:

10 Q You may proceed. Where were you standing in
11 Dealey Plaza?

12 A I was standing halfway between Houston Street
13 and the triple underpass on the north side
14 of Elm.

15 Q Were you with anyone?

16 A Yes, sir, I was with my wife and two sons.

17 Q Two sons. What is your wife's first name?

18 A Frances Gail.

19 Q What time did you arrive at the scene?

20 A I am not certain, seems like it was 12:00 to
21 1:00 o'clock. I don't remember the exact
22 time.

23 Q Let me put it this way: Did you arrive at the
24 scene during the parade or before the
25 parade arrived?

1 A We arrived at the scene before the parade
 2 reached us, by some 15 minutes.

3 Q If I were to show you some photographs and
 4 engineers plats and a mockup of the Dealey
 5 Plaza area, do you feel like you could
 6 locate your position?

7 A Yes, sir, I feel like I could.

8 Q All right. Now would you move the microphone
 9 and stand up and come down here.
 10 (The witness complied.)

11 Q Mr. Newman, I show you first of all photograph
 12 which has been identified as State's
 13 Exhibit 34, and I ask you to study it and
 14 see if you can pick out your location at
 15 that time. Stand over to the side.

16 A Yes, sir. We were standing right near this
 17 light standard here (indicating).

18 Q What is this object back here right behind you?

19 A I don't know, just a decorative corridor
 20 (sic) I don't know the exact term for it.

21 Q What kind of material?

22 THE COURT:
 23 Speak into the mike.

24 THE WITNESS:
 25 The material is masonry or brick; it might

1 be some kind of a sandstone.

2 BY MR. GARRISON:

3 Q Can you recall what kind of structure this is
4 up in here in this area (indicating)?

5 A Yes, sir. This is just primarily a hedge row,
6 small trees, just to beautify the location.

7 Q Now let's go over to the engineering plat, and
8 I ask you the same question. This is a
9 plat which has been identified as
10 State 35. Can you look at this plat and
11 identify your approximate location?

12 A Yes, sir, I can. Right here (indicating).

13 Q Here is a pin. Would you put a mark about where
14 you were?

15 A (The witness complied.)

16 Q Now, if you will just follow me over here to
17 this mockup and look at it for a moment --
18 do you want to get to the side so the
19 Defense Attorneys can see you? Can you
20 locate your approximate position on this
21 mockup of Dealey Plaza?

22 A Yes, sir.

23 Q Do you want to take this little figure of a man
24 and put it approximately where you were?

25 A (Placing figure) Right. This represents my

wife here? Is that correct?

Q Well, I would rather have you independently put it approximately where you were.

A All right. I believe she is back a little, forward more and a little closer to this light standard (placing figure).

Q We will pick up your wife after a while.

(LAUGHTER IN THE COURTROOM.)

BY MR. GARRISON:

Q Now, if you will, return your microphone to the Sheriff and take your seat again in the witness stand.

A Yes.

Q (Exhibiting photograph to witness) I show you, Mr. Newman, a photograph which has been marked "S-14," and I ask you if you have ever seen that scene before.

A Yes, sir, I have.

Q What does the picture represent?

A Well, this is shortly after the assassination. This is myself laying on the ground, and my wife.

Q This is you to the left of the lady?

A Yes, sir.

Q The lady is your wife?

A Well, I have never seen this picture before.

Q Not from that view point?

A No.

Q But you do know what it represents?

A Yes, sir. It shows myself in the picture. It is shortly after the assassination.

Q And where are you in the picture?

A (Indicating) Right here.

Q Will you take this pen and mark an "N" above your body, and would you do the same thing on the other picture.

(The witness complied.)

BY MR. GARRISON:

Q Now, Mr. Newman, while you were there watching the parade, did you see anything unusual occur?

A Yes, sir, I did.

Q What did you see?

A I saw the President of the United States shot in the head.

1 Q How many shots did you hear?

2 A I heard at least three. I often thought of
3 four, but I can't clearly say there were
4 four shots; I can clearly say there were
5 three.

6 Q Do you have any impression as to the direction
7 from which the shots came?

8 A Yes, sir. From the sound of the shots, the
9 report of the rifle or whatever it was, it
10 sounded like they were coming directly
11 behind from where I was standing.

12 Q Now would you push the microphone aside and
13 step down to the aerial photograph and
14 identify that general area, just the
15 general area from which the sounds came.

16 A In my opinion, the sounds of the shots sounded
17 as if they had come from directly behind
18 me (indicating). I was standing near this
19 light standard here, and I thought the
20 shots were coming from back here, and
21 apparently everybody else did because they
22 all ran in that direction.

A (Indicating) From back in this direction here directly behind me. At the time -- you want me to mention the third shot?

Q We will go into that later. I just wanted you to locate yourself.

A Okay.

Q Give the microphone back and take your seat again, and we can go into the shots.

(The witness complied.)

Q Would you tell us in as much detail as you can recall about the impact which you may have observed from the shots.

A Yes, sir. You want me to start with the first two shots?

Q Start right from the beginning and just tell us as you recall.

A Okay. My wife and myself were watching the parade come toward us. We had to more or

less step off the curb to look up the street, and as the car was approaching I heard two shots -- BOOM, BOOM -- and when the first shot was fired the President threwed his hands up like this (demonstrating), and at the time what we thought had happened, somebody throwed firecrackers or something under the automobile and he was protecting his face. At the time of the first shot Governor Connelly turned in his seat in this manner (demonstrating), to look back at the President I suppose, and then the second shot was fired, and then as the car approached us to where we were standing, I could see Governor Connelly leaning back in his seat holding his hands down like this (demonstrating), and at that time I could see blood on his shirt, and that is when I actually realized that it appeared, you know, he had been shot. The President all the time was staying in an upright position in his seat and it looked like he was looking into the crowd of people as if he was trying to see someone. I caught a

glimpse of his eyes, just looked like a cold stare, he just looked through me, and then when the car was directly in front of me, well, that is when the third shot was fired and it hit him in the side of the head right above the ear and his ear come off. Now, it is my opinion at the time --

MR. DYMOND:

I object to what his opinion is, Your Honor.

THE COURT:

Tell us what you saw.

BY MR. GARRISON:

Q Just tell us what you observed.

A Well, I observed his ear flying off, and he turned just real white and then blood red, and the President, when the third shot hit him he just went stiff like a board and fell over to his left in his wife's lap, and I told my wife, "That is it, hit the ground," and that is when we hit the ground because I thought the shots were coming over our heads. And then I looked back and I saw Mrs. Kennedy jumping up on the back end of the car and the

?

?

1 Secret Service man or whoever it was into
2 the car, and then they shot on off, took
3 off.

4 Q Approximately how far were you from the
5 President when the third shot hit him?

6 A I was the width of one lane, approximately
7 10 or 15 feet. I was standing on the
8 curb's edge, edge of the curb. They were
9 in the second lane.

10 Q What was the reaction which you observed to the
11 President's head on the third shot?

12 A The only reaction that I can recall -- I don't
13 recall whether his head went back or
14 forward, but I do recall when the impact
15 hit him that he just stiffened and he went
16 to the left, real hard to the left and
17 into her lap, and --

18 Q From your position, did he come toward you or
19 away from you?

20 A He went away from me.

21 Q Did you give any statement to the Federal Bureau
22 of Investigation?

23 A Yes, sir, I did, and also to the Sheriff's
24 Office after the assassination. A news
25 reporter carried me to the FAA, and then

1 from that point went to the Sheriff's
2 Office and I give a written statement.

3 Q Were you called as a witness to the Warren
4 Commission?

5 A No, sir, I wasn't.

6 MR. GARRISON:

7 Your witness, Mr. Dymond.

8 CROSS-EXAMINATION

9 BY MR. DYMOND:

10 Q Mr. Newman, would you again demonstrate just
11 about how far to the right the President
12 had his head turned when that third shot
13 was fired?

14 A Well, at the time --

15 Q Just by moving your own head, if you will.

16 A Like I say, he was moving his head up to that
17 point. At the time that he was hit he
18 could have had it maybe in this position
19 here (demonstrating).

20 Q I am referring now to the mockup of Dealey
21 Plaza, --

22 A Yes, sir.

23 Q -- and I am pointing to the spot where you have
24 indicated that you were standing.

25 A Yes, sir.

1 Q Now, would it be approximately accurate to say
2 that the President turned his head halfway
3 to the right, right before that shot was
4 fired?

5 A I don't -- could be possible, I don't think so.

6 Q Well, show us with your own head about how far
7 he turned it.

8 A (Demonstrating) Well, I would say he might have
9 had his turned at a -- I don't know how
10 many degree angle, just about like so,
11 just about like I am looking at the Jury.

12 Q Now, are you familiar with the area which has
13 been commonly referred to as the grassy
14 knoll area?

15 A Yes, sir, I am.

16 Q From the manner in which you saw the President
17 turn his head, is it not a fact that had he
18 had his head turned as you say it was, that
19 it would have been impossible to hit the
20 left ear area by firing shots from the
21 grassy knoll?

22 MR. ALCOCK:

23 Objection, Your Honor. This man can't
24 render an opinion. Mr. Dymond is

this man is not able to render at the time.

MR. DYMOND:

If the Court please, I am speaking about nothing but angles here. This gentleman purports to know about approximately how far the President's head was turned. He is familiar with the area, knows where the grassy knoll area is, and certainly knows what a straight line from the grassy knoll area is.

THE COURT:

Rephrase your question.

MR. ALCOCK:

It still calls for opinion.

THE COURT:

Rephrase your question.

BY MR. DYMOND:

Q Based upon your knowledge, Mr. Newman, of the angle to which the President turned his head to the right, right before the third shot was fired, and knowing the location of the grassy knoll area, would a line projected from any place on the grassy

1 knoll area here have been able to hit the
2 President in the area of the right ear?

3 MR. ALCOCK:

4 Your Honor, that question is too
5 speculative, too broad. The grassy
6 knoll area is quite wide. What
7 position is Mr. Dymond talking about,
8 this so-called imaginery line?

9 MR. DYMOND:

10 If the Court please, --

11 MR. ALCOCK:

12 I think the question calls for opinion.
13 It is entirely too speculative.

14 MR. DYMOND:

15 If the Court please, we will take any
16 place on the grassy knoll area, if
17 that is the objection.

18 THE COURT:

19 I think the question is a good question,
20 but I wonder if the witness understands
21 it.

22 MR. DYMOND:

23 If he doesn't, I would be glad to explain
24 it.

BY MR. DYMOND:

Q Do you understand my question, Mr. Newman?

A Yes, sir, to an extent. I would like to walk
down to the mockup and see how big --

THE COURT:

You may explain any answer you wish to
give.

Do you want to hear the question
again?

THE WITNESS:

I know the question.

THE COURT:

Wait, gentlemen. If you have a little
private conversation the Jury is not
going to hear it.

THE WITNESS:

(Indicating) This is all the grassy knoll
area, and it was my opinion or my
thought from the noise, that the shots
were coming from directly behind in
here. I would say that the shots
could have been fired from here, but

1 the further this way you go, the less
2 likely it would have been.

3 BY MR. DYMOND:

4 Q I see. Now, from the parking lot area behind
5 the grassy knoll -- I am referring to the
6 area north of the building here
7 (indicating) --

8 A Yes, sir.

9 Q -- would you say that a straight line projected
10 from that area could have hit the
11 President in the right ear in view of the
12 angle?

13 A I would call this west (indicating). From this
14 area, from the little building, I call
15 that west. I would say that the President
16 could have been shot -- you asked me if he
17 could have been hit in that area,
18 somewhere in this area -- I am going to
19 say again the further this way the man or
20 whoever it was that fired the shot, the
21 less likely the bullet would have hit him.

22 Q In view of the angle?

23 THE COURT:

24 May I interrupt a second? Mr. Newman, the
25 Jury has to hear what you say. If

1 they don't hear it, there is no use
2 of you testifying.

3 BY MR. DYMOND:

4 Q In view of the angle at which you say

5 President Kennedy had his head at the time
6 that the third shot was fired, is it not a
7 fact that a straight line drawn from the
8 Texas School Book Depository to his head
9 could have hit him in the right ear area?

10 A I don't know. Now, I said that the President
11 had his head at an angle. It could be that
12 he had his head at a complete right angle
13 to me also. I said that he was moving his
14 head up to this point; whether his head was
15 turned like so (demonstrating), or whether
16 he was looking straight ahead in the car at
17 the moment of the shot, I am led to
18 believe in my own mind that he was looking
19 more straight ahead than he was at an angle
20 at the exact moment he was hit.

21 Q Mr. Newman, didn't you testify on Direct

22 Examination that at the time of the third
23 shot the President had his head turned to
24 the right looking at the crowd?

25 MR. OSER:

1 Your Honor, the witness did not say that.

2 What the witness said --

3 MR. DYMOND:

4 I am asking whether he said it. This is
5 Cross.

6 THE COURT:

7 Don't tell the witness what you thought
8 he said, ask him if he said it or
9 not, Mr. Dymond. He is under
10 cross-examination.

11 MR. DYMOND:

12 That is exactly what I said.

13 MR. OSER:

14 Not --

15 THE COURT:

16 Let him answer the question.

17 MR. OSER:

18 He keeps making remarks.

19 MR. DYMOND:

20 May I ask the Court Reporter to read the
21 question back?

22 THE COURT:

23 Read it back.

25 read back by the Reporter.)

No, I said, or my intent was to say, the President coming -- as the motorcade approached us, the President was turning his head in this manner here (demonstrating) looking into the crowd. He was also turning his head straight forward and he was looking into the crowd as if he was looking for something or someone.

BY MR. DYMOND:

Q Oh, so actually --

A -- leading up to the point where he was shot.

Q So actually you don't know in what position the President's head was when the third shot --

A To be precise, I don't know the exact position.

MR. DYMOND:

That is all, Mr. Newman.

MR. GARRISON:

No questions.

THE COURT:

Is Mr. Newman released from the obligations of the subpoena?

MR. GARRISON:

Yes, Your Honor.
