Dear John,

These are the first two records reflecting that Rudd flew to Dallas with a tape and pictures.

I recall no record reflecting how Anderson communicated, cable, phone, etc, unless it is 104.

When I have the healthy legs of the student who is here infrequently I'll continue the check.

Anderson was then, I believe, the Legat.

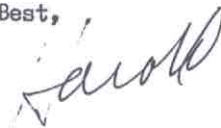

But this does indicate that one tape survived.

Can it be believed that they destroyed all but one?

Why not that one, too, then?

Or that this one was destroyed after the assassination?

Best,

A handwritten signature in cursive script, appearing to read "Rudd", is written over the typed word "Best,".
