Dear Les,

I hope it was just so good a vacation you spent all your vacation time vacationing. A fair amount of interest inside Justice followed appearance of your articles. Here is a copy of each record I obtained plus one on Redditt and his community-affairs work.

While I'm still getting records I think it is best for there to be no public use of them.

It has been enough of a battle without asking for more troubles.

Personally as distinguished from how you spend your vacation time I'm sorry you did not get down.

Right now I'm sweating out two more days before I see a specialist. My physical capabilities diminish daily, as do the discomforts in the lower extremities.

Apprehension is in the opposite direction.

Clearly something has been happening in my legs and the doctors have paid no attention. From all the walking I used to do right now I'm wondering if I can make it out to the mailbox and back without them swelling so the rest of the day will be terrible.

This is my fancy stationery. It saves the bad copies from the copy machine and I use the clear sides.

Best wishes to all,
