Dear Jim:

Further to our talks on the telephone last night enclosed is a Xerox copy of part of my requests of the FBI which relate to the neutron activation analysis and spectrographic results on artifacts of the assassination.

Kelley used more than the allotted ten days and I appealed. Ms. Susan Hauser advised me that my appeal was moot because it crossed in the mail with Kelley's letter of denial as you can see from my letter - Telegram to Ms. Hauser.

Shall look forward to receiving Xerox copies of your complaint or petition and response it has evoked.

Sincerely,

John Nichols
