HARRY NIER, Attorney, 515 Denver U. S. National Bank Building, 1700 Broadway, Denver, Colorado, was advised that we desired to ask him certain questions in connection with his possible knowledge of LEE OSWALD, that he did not have to make any statement, that any statement made by him could be used against him in a court of law, and that if he desired to consult an attorney prior to answering any questions, he could do so.

NIER stated that he would cooperate with the FBI in the investigation of the assassination of President KENNEDY.

NIER advised that he recalls having a heated discussion with approximately four men at a party sponsored by the Cliff Dwellers Organization at the Petroleum Club in early 1962. NIER stated that he recalls that the discussion centered around Cuba. NIER stated that he does not know the identity of the four other men involved in this discussion. NIER stated that he did not make any statements to the effect that he was going to Mexico and/or Cuba and would see a man named OSWALD. NIER stated that he has observed photographs of LEE OSWALD appearing in the local press and that he does not know this individual, nor does he know any person named LEE OSWALD.

At this point HARRY NIER advised he did not wish to furnish Agents any further information without a witness on his behalf being present or without the services of having the remainder of the conversation placed on a tape recorder. NIER was advised the only information desired by the FBI at this time was concerning his alleged acquaintance with OSWALD and that no further information was needed at this time. The interview was thereupon terminated.
