

going after Nixon but  
heavy on W.G. which  
is what he expected,  
but from see like he  
was being attacked &  
saved him from the  
also unanswerable  
questions about the  
economy, the cost of living,  
Russian M.D.K's  
what has happened to the  
dollar & its value.

He looked as if he  
would not look worse.  
He played the  
country more & in  
doing it, encourage his  
patriotism but some  
hard-core following that  
has no place to go &

had been seeking to  
show it's own  
self respect.

The odds are his  
way in press on -  
because nobody  
has a chance to go  
back & say "you  
did not answer."

He used this me-  
anwhile. He said  
his opponent  
choosing all his  
lies in all directions,  
which really got  
down to a way.
