## **Nixon Orders Relocating** Of Newsmen's Trailer

CAMP DAVID, Md., Jan. 29 (UPI)—The press trailer used manent fixture at Camp dent Nixon's comings and goon Mr. Nixon's orders.

estimated \$30,000 to install blind where they stood awaitand equip, was moved about ing his arrival or departure. 300 yards from the helicopter He waved and told them, landing pad early last Decem-"We're going to improve all ber. A three-sided "Duck that." blind," which wire service re-porters used to telephone their offices after Mr. Nixon's carpeting, a television set, hot landings and takeoffs, was plate and toilet was installed landings and takeoffs, was torn down about the same for reporters. It was immeditime.

"There is no question where the orders came from," White House aides said today.

The trailer is still on the the aides indicated that it may be moved down the road to Green Top Camp.

"We're looking for a place to relocate it . . . so that it can serve everybody," deputy presidential press secretary Gerald L. Warren said.

"We thought it could be put in a better place. We're think-ing about a lot of things."

The trailer was never a perby reporters to observe Presi-David. It was put there shortly ings at his secluded mountain- after Mr. Nixon's re-election top retreat will be relocated in 1972, after he sighted reporters peeking through the The trailer, which cost an small eye slit in the duck

> A short time later the moss green trailer, complete with

Reporters have never been permitted free access to the grounds of Camp David and often National Park Police grounds at Camp David but would shoo them off the road when they tried to watch John F. Kennedy or Lyndon B. Johnson arrive and depart.
