

4/20/73--Quick Memo to the man who reads the KKK
future--Small WG notes in the mailing from you
which arrived yesterday can be added to a long
record of accurate forecasting. Re your comment
on Nixon making it seem he was the victim, if
you see Daniel Schorr(?)'s analysis of Nixon's
statement on CBS News 4/18? It seems he picked
up exactly what GL intended to say, that he
was deceived by his staff, esp. Dean. Of course
this creates a protection for him. I've little
doubt that he had to know, but is there any
evidence of it? HR
