had stated or at least implied that District Attorney GARRISON his "Nutty" associates were involved in a conspiracy in the assassination of President KENNEDY. Ferrite reiterated that GARRISON repeatedly emphasized the name "NOLLAND" as being a possible clue in the conspiracy. For stated that it is GARRISON's contention that the conspirators were anti-CASTRO who hoped through the assassination of President KENNEDY to be able to, through national publicity, place the blame for the assassination on FIDEL CASTRO, which would result in influencing public opinion to the point where national retribution would be directed against CASTRO.

advised GARRISON expressed concern about contamination of his investigation by other investigative agencies, namely, the FBI. quoted GARRISON as saying that he would arrest and handcuff any Agent he caught becoming involved in his investigation and would submit him to public scrutiny. Said GARRISON stated "if they want my files that bad they can buy them." Stated that he did not that bad they can buy them." Stated that he did not furnish GARRISON information concerning his involvement with SERGIO ARCACHA SHITH at the blimp base at Houma, La., which he had previously furnished to the FRI. Hovever, since GARRISON plans to interview his, FRI. Forever, since GARRISON plans to interview his, FANCIER EHLINGER, aka Ranny, at 9:30 AM, 2/22/67, he felt he would tell GAERISON the whole story prior to the interview with because he felt that RANNY would probably tell GARRISON about it and, secondly, because he felt that by telling GARRISON he would gain his confidence and would be in better graces with GARRISON. he planned to tell GARRISON everything concerning his involvevised that since ment with SERGIO ARCACHA SMITH, he desired to mention something he had not previously furnished to the FBI concerning the Ammunition bunker on the Houma Air Base. Advised that he discover and the Houma Air Base. Advised that tak Ancacha ShirH and his party to the bunker had cased the bunker and knew pretty well what SNITH would find.
