## Order 2 Arrests in JFK 'Plot'

NEW ORLEANS, March 28 (UPI)—District Attorney Jim Garrison's investigation into the assassination of President Kennedy reached into Virginia and Nebraska today with arrest orders for two key witnesses who have challenged Garrison's findings.

New Orleans courts have ordered the arrest of Sandra Moffit, now Lilly Mae McMaines, the wife of an Omaha, Neb., minister; and Gordon Novel, a lounge operator who says he has taken a lie detector test to prove that Garrison's investigation is a fraud. Latest reports said he was in Virginia.

The order for Mrs. McMaines was signed yesterday and her bond was set at \$5,000. Novel's arrest was ordered last week, with bond set at \$50,000.

The two former residents of New Orleans have challenged testimony by Garrison's top witness and apparently are also wanted by attorneys for alleged conspirator Clay
