Dear Mr Weisberg:

Thank you for your letter. Your time was appreciated.

No word from Garrison - so far - just as well - as my scribble caused you to mistake my connection, or at ^{least} extent of it.

The fact that my husband's half brother is a member of the N. O. police dept, could also complicate matters. I'm sure the brother is not involved - for or against Garrison - he is young - unworldly & supporting a large family.

Russell Long's T.V. statement Sunday - was a hopeful sign. The first really.

You are correct - one must take a stand - But in this political climate - that stand could be ones finish.

Inc: ^{small} ~~small~~ (over)

Sincerely,
Luis Valverde

I think the biggest
mistake all of you
who write Golob's
against the "Warren Report"
made is to run
each other down. It
has become so general,
that it causes people
to lose faith in all
of you.

The Times Picayune - has
very little either -

There are more clippings -
I will send sometime -
