

OFFICE OF THE ATTORNEY GENERAL
U.S. DEPARTMENT OF JUSTICE

Dear Sir:

In the interest of JUSTICE and to make America the best place to live in the world. I beg your support. Demand that the Warren Commission on the Assassination of President Kennedy be reopened or investigated.

When a crime is committed and the guilty ones are not known, everyone near the scene of the crime can be a suspect.

I have read all the books printed to date on the assassination, both for and against the Warren Commission report. My analysis of this crime is that the only men who could have killed President Kennedy are Governor John B. Connelly and the F.B.I.-agent Kellerman. The reason for this statement are as follows:

Governor Connelly sat in front of the President. When he turned right, he had a pistol hidden under his coat. The President was shot at the precise time that Governor Connelly turned right. Governor Connelly inflicted his own wounds by shooting the pistol under his coat.)

The Warren Commission THEORY that the first bullet went from President Kennedy's neck into Governor Connelly's back, and then into his hand, etc., is not logical. It seems that the reverse of this THEORY is actually the true facts.

The F.B.I.-agent Kellerman shot the second bullet from the front seat beside the driver of the car.

The President wounds were so great that they had to be done at close range. A rifle, being shot from the book binding building, could not do this damage, and it also was a windy day when the assassination took place.

All the members of the Warren Commission were hand-picked and all members of Freemasonry. It looks very much like a Freemasonry Conspiracy that killed President Kennedy. ---Earl Warren, L.B.J., J. Edgar Hoover, Governor Connelly, Arlen Specter---are all Freemasons, and so are the other members of the commission.

THIS IS A CHANGE LETTER. PASS IT ON TO A FRIEND. IT IS YOUR DUTY, IF YOU ARE A TRUE AMERICAN. WRITE TO YOUR CONGRESSMAN AND SENATOR. AND HAVE A SENATE INVESTIGATION ON THIS CRIME.
