BUFFS AND ASTROLOGERS.

As an ardent crusader for The Cause--Right Wing Extremist X
Politics--and as a professional astrologer of 36 years experience in
research and practice, and as one trying to subsidize The Cause by
printing and mailing the best I can by using professional fees, I am
,perhaps, invading "enemy country" in thus looking for affluent,
well-paying clients among the rank and personnel of big corporations
or of the Organization-Man type. Still I have the capacity of giving
them value received by making personal astrological reports to such
men as corporate officers,directors,lawyers,doctors,politicians,
statesmen or other professionals including professors who are D.I.Th
(Doctor of Independent Thinking), not to forget promoters,entrepreneurs
and sole proprietors,speculators,institutional investment managers
and advisors. The fee is \$100.00 including thereafter one year of
unlimited consultation and answering of questions from the client.

In this process of seeking clients,giving(selling) them
valuable report@information, based on and derived from their birth-
data(computed horoscopes), I am also at the same time looking for
men and women of high talent to recruit to The Cause,people who do
not belong by any natural affinity in such "enemy country" as The
Liberal-Tyrannical Plutocratic Establishment Power S@structure,affil-
iated as it is,part and parcel,lock,stock and barrel with the
International Communist Conspiracy.

I purpose and expect nothing less just from using my own
talents than to be able to discern,from horoscope reading alone,
the presence in clients of such talents as if sleeping giant powers
and possibilities, and to stimulate their ambition into projecting
more elaborate accomplishments for the future than they have been
so far working on. The client is most likely in some kind of a rut
or stalled condition in career even though in the affluence class
and by no stretch of the imagination a pauper living from hand to m
mouth.

Of course sometimes even the highest talents are starving in
an attic. But both in effect need to be awakened from the dead and
to start running their talent engines "all ahead flank!"as they say
in the Navy.

The type of high talent,high I.Q. brains and political ex-
pertness now needed in The Right Wing Extremist Cause is well ana-
lyzed for both its rarity and its intrinsic characteristics by Sir
Francis Galton(1822-1911) in his book HEREDITARY GENIUS(1865) and b y
Hilaire Belloc in the biography RICHELIEU (1929).Belloc(1870-?) has
been called the greatest English writer who ever lived except only
Shakespeare.

In the days of Galton the I.Q.score had not been invented or
discovered,so he evaluated men according to how rare their uniqueness
was.He arranged this table

Class A or a-One in 4
B or b- " " 6
C or c- " " 16
D or d- " " 64
E " e " " 413
F " f " " 4300
G " g " " 79,000
H " h " " 1,000,000
I " i " " 10,000,000.

The capital letters indicated above average skill approachigg
genius,the small letters indicated below average approaching idioe y
and imbecility or cretinism.

Similarly Belloc mentioned three rare highly developed tal-
ents which Richelieu had,each one occurring as infrequently as a
royal flush dealt in a poker game: all three in combination in one
person being almost unheard of. This led Belloc to say that high
talent like Richelieu had appears only one each 300 years or even
only once in the whole lifespan of a nation.

Here f@llows a brief condensed table of I.Q.s cores and
some of the mental and vocational talents that go with them. This
will be elaborated soon in an issue of my sheet THE HIGH I.Q.BULLETIN
on the theme of the intrinsic nature of High I.Q. per se.

In studying persons of High I.Q. we finally get a clue,an
inklingofthe mystery in Greek mythology's code language of Cassan-
dra, the Trojan Princess,daughter of King Priam,sister of Paris and

Hector, mentioned in Homer's Iliad. A god fell in love with her and gave her a gift of the power of prophecy. But when she spurned his advances he took revenge. He could not revoke, once conferred, the power of the gift--accurate vision of the future--but he did declare that he would render it useless by decreeing that nobody would ever believe her, and her prophecies anyhow. This code language myth actually refers to confirmable facts and conditions about human credulity. High I.Q. automatically does confer a skill in prophecy (excluding other prophetic talent such as clairvoyance and psychic flashes) simply because high I.Q. sees all or nearly all chains of cause and effect burning along steadily toward a future denouement or debacle like a fuse or powder train leading to a powder magazine. In that sense high I.Q. automatically does know the future without even trying to strain itself by computing. Also low I.Q. does scoff and does not believe Cassandra. The highest ranks of I.Q. can therefore be called The Zone of Cassandra (I.Q. 175-230) and the next highest group The Zone of the Delphic Oracle (I.Q. 155-175), who was vaguer and not so accurate as Cassandra.

The following is offered as a sort of first draft of a studied theme.

230-300 I.Q.--ZONE OF PLATO

300-500 I.Q.--ZONE OF HERMES TRESMEGISTOS.

Note: Scores from 115- through 135 might also be called Zone of Smart-Set Sophisticates, Sherlock Holmes, Scotland Yard Thinkers.

The wonderful book THE TWILIGHT OF THE AMERICAN MIND (1928) by Professor Walter B. Pitkin Sr. (1878-1953) gives a wealth of detail about how various I.Q. ranks are correlated to various occupations. He even made predictions up to the year 1975 which the reader will find intriguing to check.

Long ago (1929) Hilaire Belloc anticipated the present verbal use of dove-versus-hawk contrast by using eel-versus-pike to describe the docile, bureaucratic Organization-Man versus the ambitious talented man who is after real power and who will never be content with medals, honors, titles and delegated power conferred on him by someone else who does have real power.

Also Belloc described the ruthlessness of the "pikes". He carefully distinguished between the wooden-Indian, hard-as-a-diamond implacability of Richelieu and mere cruelty of a sadist or crude barbarian. I prefer to use the contrast between the harmless goldfish and the Piranha fish, a miniature deadly attack-shark. The group of the Pike or Piranha includes Caesar, Hannibal, Alexander, Frederick the Great, Napoleon, Hitler, Louis XIV, Bismarck, Cromwell, Washington, George III, First Duke of Marlborough, Generals Stonewall Jackson, Nathan Bedford Forrest, Grant and Sherman, Genghis Khan and King Edward the First, hard-as-a-diamond, the toughest man who ever spoke English, the English equivalent of Genghis Khan.

H.L. MENCKEN (1880-1956) in his 1922 book A DEFENSE OF WOMEN wrote in a similar vein.

"The capacity for submitting to and prospering comfortably under this cheese-monger's civilization is far more marked in men than in women, and far more in inferior men than in men of the higher categories. It must be obvious ~~even~~ to even so pathetic an ass as a university professor of history that very few of the genuine first-rate men of the race have been wholly civilized in the sense that the term is employed in newspapers and in the pulpit. Think of Caesar, Bonaparte, Luther, Frederick the Great, Cromwell, Barbarossa, Innocent III, Hannibal, Alexander and to come down to our own time Grant, Stonewall Jackson, Bismarck, Wagner, Garibaldi, and Cecil Rhodes!"

The atheist professor EDWARD LUCAS WHITE of Baltimore, a scholar of Latin and Greek, author of book WHY ROME FELL (1927) ranked Caesar first and as the second greatest man who had ever lived he named one Dr. Francia, "El Supremo", dictator of Paraguay 1815-1840.

If you're reading this now you are on some kind of an exclusive mailing list or other either as bright or financially affluent or both; probably both, excluding occasionally a "brilliant-ine" (coined word) who is temporarily starving in an attic. Hereon I wish to outline what sort of useful reports can be made to and for you about your stellar-stamp at moment of your first breath which would be value received for the \$100.00 fee you pay.

The planet Jupiter is Mammon, the Devil or the Devil's main base in the Solar System. Its radiation or astrological influence which astrologers use checks entirely in consonance with all descriptions of the Devil in Holy Scriptures about the attributes of the Devil. As a material object, as a possibly hostile military base or floating naval-base-carrier for flying saucers and other UFO information on Jupiter checks with all the thinking of the Flying Saucer Buffery.

Jupiter "rules" (as astrologers say), or has affinity for and magnetic or electric control over the forces on earth known as The Establishment, The Power-Structure or The International Communist Conspiracy which includes the totality of corporate Organization-Man Personnel, all big central banks-of-issue, Rothschilds, Rockefellers, Federal Reserve System, World Bank, Bank of England, Ford Foundation, Royal Shell Dutch Oil Empire, the CIA, The UN, the Council on Foreign Relations, The Business Advisory Council and many other subordinate Communist fronts. Jupiter rules this evil octopus-entity, the biggest known earthly organization now in existence, known to the Superbuffs under the above names.

This force is very old, as old as the planet Jupiter itself, and perhaps even older than the earth. Although I do not think the Solar System is anywhere near as old as some astronomers think it is, yet it existed in the classical times of Greece and Rome the same as it is to-day. This means that although the external forms (such as the evil institutions mentioned above) may be of recent creation or manifestation, during recent decades or centuries, yet there were predecessor evil entities doing their same evil work during more ancient centuries. In everybody's horoscope the planet Jupiter is located some place or other according to the date and hour of birth and it is a sure determinant of that person's relationship to this world-wide, nay solar-system-wide enormously evil POWER-STRUCTURE. If Jupiter is strong in a person's horoscope he or she will be noticed, used, recognized and well paid by the Establishment. He or she may even be called "lucky" (or affluent!) and provoke jealousy and envy. Amateur astrologers may tell them (him or her) that they have a rare "astrologer's dream horoscope" containing a fortunate well-placed Jupiter, bringing endless cornucopia of good luck. But if they, the client, wants to get any further than first base in the struggles of the spiritual-political-economic arena of this world they will have to turn the tables on these Jupiterian forces, revolt against them, and set themselves up free. Of this effort to become free and have real private real estate owned under one's feet. the immediate

results will be a very unpleasant absorbing the shocks of counter-attack such as being transferred or exiled to Siberia, or being fired and blacklisted by the Organization for insubordination or even murdered as happened in Dallas, Texas, November 22, 1963.

A weak Jupiter in a native's horoscope gets then ignored early and often; early, later and still later. He may even be poor early and often or ~~xxxxx~~ chronically, but he does acquire the habit of freedom and self-reliance and of improvising during times of deprivation and learns that he doesn't really need the Power Structure to lean on and more than dope addicts originally needed their drugs before they got hooked.

If the client (the owner of the horoscope, "the native") is really a free man in the core of his being, self-reliant, independent, insubordinate, he will get nothing from Jupiter unless he turns pirate or subtly pirate-sublimate, and takes it. To him Jupiter is an enemy force in his horoscope and acts to cause deprivation exactly as Saturn is alleged to act in Traditional Astrology. Saturn "takes care of his own" they say; but his own are never slaves or stooges of the Establishment Conspiracy and are not likely to have any surfeit of this world's goods except during rare golden ages of the abundant life such as America 1820-1860 or 1715-1756 (from death of Louis XIV to the French and Indian War in the Thirteen Colonies) Saturnians are recluses, hermits, loners, asocial philosophers, desert prospectors etc. but they are free, intelligent, with good judgment, healthy and fearless. Also during golden ages of temporary successful revolt usurious bankers and money-value changers, then Saturnians do have power, prestige, rank and abundance.

In the various clients' horoscopes the planets act differently as their influences impinge on the central core of being of the person according to whether he is free or slave. Jupiter distributes supplies and security to his docile slaves but is as heartless and nugatory as a loan shark banker in dealing with free men.

Supporting Evidence--Some Bible Notes.

In St. Paul Ephesians VI-12 one can decode as follows by added words in parentheses:

"For we wrestle not against flesh and blood but against principalities (centers of power of radiating force, possibly planets as Devil Bases or mother-ships full of flying saucers or unknown satellites orbiting the earth or asteroids or colonies based on the moon like an enemy beach-head) against powers, against the rulers of the darkness of this world (the Establishment Conspiracy Power Structure) and spiritual wickedness in high places ("higher bands" in the radio sense of frequency or vibration per second, may refer to broadcast influence from Jupiter which bombards at all times all people) "

The Lord speaking to Abraham: Genesis 13:16

"And I will make thy seed as the dust of the earth: so that if a man can number the dust of the earth then shall thy seed also be numbered"

and then Genesis 22:17

"I will multiply thy seed as the stars of the heaven and as the sand which is upon the seashore."

It is my theory here that multiplied seed does not refer to large numbers of individual descendants, that is to a population explosion, but rather to a sudden multiplied number of microgenes within the genes of the hereditary cells. This would constitute a mutation in the cells of Abraham making them more complicated with more microgenes than those of Adam and Eve. Microgenes are tiny enough so that they are little bigger than atoms. Each gene has some 340,000,000 microgenes.

Quoting issue Vol. 1, No. 2, Oct. 11, 1966 of THE HIGH I. Q. BULLETIN

"A new biological unit called microgene has been discovered in the hereditary cells. A cell contains 48 chromosomes, each chromosome contains several thousand genes and each gene 340 million microgenes. They compare in size as if a cell were a whole fleet at anchor of 48 ships, each ship having several thousand railroad boxcars in its hold and each boxcar having 340 million grains of wheat or mustard seeds."

Transits of planets in the sky to-day bring out into open manifestation as events whatsoever the same planets promised in the horoscope at the moment of birth

A strong Mars makes a good strategist, and brave fighter, and an efficient executive or operative of any kind. A weak Mars causes helplessness and bungling. A strong Saturn gives good judgment unlimited patience, calm temper, shock-absorbing reserves of strength like an anvil made of lead-metal and reserves of buoyancy like a submerged submarine. A strong Venus attracts to the native deserved devotion and hero-worship from followers and subordinates. It also makes its natives self-confident and without defeatist quirks or despondencies. Mercury, Moon and Vulcan determine the amount of intelligence, ethics and attitude toward pure absolute truth.
