

10/26/66

Dear Bill,

The other letter has not yet gone out but I'm writing this one to ask for the immediate but temporary return of the Altgens picture, by air. I need it because I loaned the other one for a purpose which precludes its immediate return. I'm not an Indian Giver. As soon as I get the newer one back I'll return this one.

The more I think of the Liebeler thing, the more convinced I become of these things:

It is important to needle him, preferably from the distance. If Sehl would cooperate this could be wild.

It is important to delay any confrontation until after the election and until after the ~~quint~~ election is not the big news and diversion.

It is important to adhere religiously to the record.

All of this will build up. When the time comes I now have a real killer. I will not tell you about it in writing or by mail. Please trust me. You may guess what it is. I now have a graphic and irrefutable proof that I think is very dramatic.

It will take care of not only Liebeler, but the entire Report and the entire staff.

Be of good cheer. Try and be patient. We will do this!

Regards and silence, please
