 sorry, for that manuscript. What I typed over is "PLEASE KWHP That I referred to only the Russo frinuscript may indicate that both were intended fur it but at different and unindicated places in it.

Of the possibilities probably the easiest is to insert both as one and at the end. However,
 if you remember an appropriate point, would you please insert this at that point?

I am inclined to believe that this vas written after I'd sent the mg o
In a file folder in the working box that fits on the windowsill next to my chair and typewriter was another folder that also apparently followed the completion of the ms. It also relates to this( these) insertion (s). I enclaplye Fit that of cianjobe added at the end of the ms. Insertion, I have pencilled an NA in it,

There is a second attachment and a later insertion I now read for the first time since $I$ wrote it, what appears to be so long ago with my aging and failing menoryf. I see it is for or to be added to an expiating Russo epilogue. Ur as on raiding it, I indicate on the last page $I$ added to $i t$.

It is probably hard for you and others to imagine the deterioration in me sink the kidney dialosis began and from it I can get no explanation for it. Not oven the claim that it is normal, or normal for my age. And that was followed by the deferioration that was the consequence of the unnecessary confinement in that so-called nursing home. Which did no nursing at all. Nothing that I del not do prior to then, alone and at home. Yesterday was particularly hard. I go into it separately. Also in that same box is some xeroxes of what I quoted from my books. Thad discarded them as extra copies earlier so they are Ked through. I enclose them poo that,
if you think it worthwhile, they can be added to the Cornwell camballingeraul $\therefore$ $\therefore$ Cussós.
