Sounds like you got a great deal (sic).

I sent this message that did not get to you the other day. Harold was looking for a publisher so I sent this off to Publishers Group West (His indicated favorite). If you see Harold would you give him a copy of this message? Would you also let him no that the Posner manuscript critique of Killing the Dream is in the mail? We'll chat again later.

By the way, great meal and I really enjoyed your company last week. I had hoped to take you two out for dinner but your schedules seemed to be packed. Maybe next time?

Clay O.

Dear sirs:

I am a friend of Harold Weisberg's (author of Whitewash: Report on the Warren Report, Case Open, Post Mortem, NEVER AGAIN!, etc.). Harold has two manuscripts which he is interested in getting published. One manuscript examines Sy Hersh's Darkside of Camelot (Faking Kennedy) and another that harpoons Posner's Killing the Dream (Whoring of History: How Gerald Posners Protect the King Assassins). I have retyped both manuscripts into Microsoft Word and they are highly readable. I believe that both manuscripts have a great potential to contribute to the public dialogue about how mercenary authors obfuscate historical facts.

I wish to put Harold in contact with a publisher's agent so that these manuscripts may get a fair reading for potential publication. Is there someone in your group interested in taking a shot at making money with these manuscripts? Please contact Harold Weisberg directly at Route 12, Frederick, Maryland 21701 or 1-301-473-8185 (before 5:0 p.m. Eastern Daylight savings Time).

thank you,
