Enclosed for the Bureau is one spent bullet found at Commerce Street and Stemmons Freeway, Dallas, Texas, by REX M. OLIVER, 5810 Phoenix Drive, Dallas, telephone ENerson-8-2130, during the period October or November, 1968.

On 2/15/69, REX M. OLIVER, supra, telephonically contacted the Dallas FBI Office and advised he is currently employed by the Texas Highway Department and was so employed during October and November, 1968. He advised that during this period while he was working in the vicinity of Commerce and Stemmons Freeway, "at the Commerce Street entrance to North Stemmons Freeway" he found a bullet "which appeared to have ricocheted off of something."

OLIVER advised SA ALFRED C. ELLINGTON that he picked up this bullet and put it in his pocket and had retained same in his possession since that time. He stated the bullet was somewhat corroded as it had the appearance of having been in the weather for a long time. He stated he mentioned finding this bullet to his engineer who suggested it may be the "third bullet" which he had heard about in connection with the assassination of President KENNEDY since the bullet was found in "just about the right spot."

OLIVER stated he had been trying to contact District Attorney JAMES GARRISON in New Orleans for the past two or three weeks without success and desired to furnish this bullet to the FBI "if you want it."

for Lab action & report

DL 89-43

Mr. OLIVER did not know the caliber of the Bullet and stated he was currently working on Highway 114 near Highway 183, and could be reached through the Texas Highway Department field office, telephone BL4-3556.

On 2/18/69, the enclosed bullet was obtained from L. D. WYLIE, 10505 Coleridge, Dallas, who stated OLIVER had left same with him to turn over to the FBI. This bullet was obtained from Mr. WYLIE by SA WILL HAYDEN GRIFFIN.

The FBI Laboratory is requested to examine the enclosed bullet to determine the caliber and any other pertinent information with respect to captioned matter and after the examination is completed to advise the Dallas Office and furnish Dallas results of such examination.

In the event the Bureau has no need for such bullet, same will be returned to Mr. OLIVER in the event it has no value to captioned investigation.

Specimens received 2/24/69

Q629-C329 Bullet found at Commerce Street and Stemmons Freeway,  
Dallas, Texas

Results of examination:

Specimen Q629-C329 is a .45 caliber steel-jacketed soft point bullet which has been fired from a barrel having six lands and grooves, left twist. The rifling impressions in this bullet are the same as those produced by Colt, Norwegian and Star automatic pistols and Colt revolvers. There are not sufficient microscopic marks remaining on this bullet for identification purposes. It was not possible to determine the length of time that this bullet has been exposed to the weather.

It is to be noted that this bullet is different from any ammunition examined in the assassination case and could not have been fired from the assassination rifle.
