Dear Sr. P.S.

Your letter of the 18th reached me some days ago, apparently promptly.

It and the enclosure are interesting.

It is not the coincidence in the news that has me writing at this time. Rather did I have to await being able to have your letter translated by one in whom I have confidence.

I recognize certain delicacies in the matter.

Because of the amount of time I have devoted to it and the knowledge and understanding that result from this effort, I believe that the more fully it may be possible to inform me the more help I might be able to be and the less the possible embarrassment.

I would appreciate hearing from you further.

Sincerely,

Harold Weisberg

Translation of letter from P. S. in Mexico:

Dear Sir:

At the end of the past year there was handed over to Mr. Kelley, director of the FBI, a letter from Lee Harvey Oswald that, to my understanding, had potential to help clarify the circumstances of the assassination of President Kennedy.

As until now Mr. Kelley has not given attention to the matter, I have reasons to suppose that he can go so far as to follow up on me for the worse and for that reason I see myself obligated to conceal myself for a reasonable time.

I am convinced of the importance of the letter mentioned and I know that you occupy yourself independently with the investigation of the assassination, I send a copy of the same.

Attentively,

México, D.F., agosto 18 de 1975

Estimado Señor:

A fines del año pasado entregué al Sr. Kelley, director del FBI, una carta de Lee Harvey Oswald que, a mi entender, hubiera podido ayudar a esclarecer las circunstancias del asesinato del Presidente Kennedy.

Como hasta ahora Sr. Kelley no ha dado curso al asunto, tengo razones para suponer que puede llegar a sucederme lo peor y por eso me veo obligado a ocultarme por un tiempo prudencial.

Convencido de la importancia de la carta mencionada y sabiendo que Usted se ocupa independientemente de la investigación del asesinato, le remito una copia de la misma.

Attentamente.

P. S.

## CIA suspected Castro, says memo

James Johnston, counsel to the Senate's 1975 probe into CIA activities, told a House committee Wednesday that newly released CIA memos indicate the agency suspected Cuban President Fidel Castro of planting assassins in the USA about the time President John Kennedy was killed.

AP

**LOPEZ:** May have had Castro's help

The memo indicates Castro's government aided Cuban-born Gilberto Lopez — who had been living in Tampa, visited by Kennedy a week before his death — by granting him quick re-entry into Cuba despite an expired passport. Lopez was the sole passenger aboard a Cubana flight from Mexico City Nov. 27, 1963. Johnston said the documents suggest a hesitancy by the CIA to thoroughly probe the Cuban angle.

Also, James Lesar of the Assassination Archives and Research Center told the House panel that up to 80% of documents relating to Kennedy's assassination still are unattainable by the public because Congress hasn't confirmed members of a panel that is suppose to review and release the documents.

I would like information  
concerning my position.

I am asking only for information  
I am suggesting that we discuss the  
matter fully before any steps are  
taken by me or anyone else.

Thank you,

Dear Jim, the enclosed alleged Oswald to Hunt letter came in a typed envelope with initials, P. S. from Mexico. The letter also is initialled only. One immediate problem with this - and I've just glanced at it - that that Hunt was not in Mexico 11/8 and Oswald was in Dallas. After I can get a translation of the Spanish I'll see if a letter to P.S. at the given address gets a response. But if neither was in Mexico, how come the letter comes from there with a Spanish-language letter? HW 8/26/75
