DIETRICH said this slip of paper had been given to DE SLOOVER by one CARLOS GASTANSIDE, also a laid-off employee at the Monroe Auto Equipment Company. DIETRICH said the slip of paper contained the name RUBY JACK and a New York address and another name which DIETRICH could not recall but is believed by DIETRICH to be the name OSWALD.

DIETRICH said he could not recall what he did with the slip of paper but believes he gave it to one of the two girls. He said he was going to call the FBI at that time but put it off because everyone is always laughing at him because he is considered "a religious fanatic." He said he now feels partly responsible for the assassination of President KENNEDY because he did not bring the information forth sooner.

DIETRICH further stated that sometime in September, he was sitting in a restaurant in Monroe, Michigan, when an individual came in requesting directions "to the lake." DIETRICH stated he was going to show the individual where the lake was and was going to take him in his own car to Lake Erie, but for some reason did not do so. DIETRICH stated he is now extremely thankful that he did not because he feels the individual who approached him in the restaurant was LEE HARVEY OSWALD.

DIETRICH further advised that he, DIETRICH, suffered two nervous breakdowns in the past and has received treatment at Morey Hospital in Ann Arbor, Michigan.

It is to be noted that FRANK DE SLOOVER is a candidate for election to the City Commission in Monroe, Michigan.

On November 27, 1963, ROGER DES ROSIERS, attorney, Windsor, Ontario, Canada, telephonically advised SA MELVILLE H. SHANNON that he had heard a rumor from an unconfirmed source that LEE HARVEY OSWALD had at some unspecified date been in Montreal, Canada, engaged in a "Ban the Bomb" protest. DE ROSIERS advised he could not recall the original source of the rumor and had no further information in his possession regarding LEE HARVEY OSWALD.
