Glad to eot this semin; ndorsement. Hy om experience with those in io 1 M is that they lave beon long on talk and paranoia and short on procuction and periormance. I consider that they have wanted ueh tize for ne and I an dubious about sore of their trusted consections. Hence I want nothing oi ins to co to then. I haw heard frow IV that he was coifins down and included the Newcoubs in his plans, and I have oe strongest reservations about thoir juderent, dependability and, aside from not doubtine tioir semuine interest in caso, motives and in some areas rationalist. Pred is woak and has done fuch harm, including of wo personal y , So, aside from old and trusted firionds, istay away from anyone who has anytilinc of any nature to $u$ o with thera. 'they havo cone thincs of which you do not know aside fron to the that are not aice. An. thoir Lifton relationship has boen a strange aliuir, nuver truthfully mpresentud durin the poriod of wich thow.

Havin; said this, and having notlinis against Larry and kowinc nothin, acivorse about hin, $\perp$ biliev the Russion specialty should be obcouraged, bu not ifith anything of a dilicate natur, as Itneas what Bud and others did. Noe I have onicr's bouk, do not romoziber this, but if Jils doesn't have, I can copy and provid. tiouse pages. at garviless of anytining she says, unless it is facsinile, be not without some question. Lvon of direct quotus. His is, howev, interesting that he got spocial post-dischurco N. privoleges.

In you encouraje hin to look into ary thing, please include indications hio has some kind of minor US intulligonce function or interest. 'hose notes he lade on his plant are exactly tho lind of thing the GLi, quito properly, as I see it, always wants, the kind of thinc thay sock in imocent debriofin, of travollers, for exaniple. .Il int lligance agucies of all bove nmants want this kind of thine. It is tho most ba io intolligence. lou cun be sur tio hus ians inve nore or this on $u$. than wo on than. Ind be interested in any tintative buliuts or foxed one:s he may have develored. IV said he would write arter Larry was there but inan't. ilf
