

FEDERAL BUREAU OF INVESTIGATION

Date 8/15/63

LEE HARVEY OSWALD was interviewed at the First District Station, New Orleans Police Department, at his request. OSWALD said that he had been picked up on August 9, 1963, by the New Orleans Police Department and was charged with disturbing the peace in the 700 block of Canal Street during the time he was distributing "Fair Play For Cuba Committee" literature.

OSWALD stated that he was unemployed at the present time, his last employment being terminated July 17, 1963, as a mechanic with the William B. Riley Company, 640 Magazine Street. He said he was born October 18, 1939, at New Orleans, Louisiana. He had attended Warren Easton High School in New Orleans until 1956 at which time he joined the United States Marine Corps. He had only completed two years of high school at this time. From 1956 through 1959, he was a member of the Marine Corps at which time he received an honorable discharge. Following his discharge he moved to Fort Worth, Texas, where he lived with his mother, MARGUERITE OSWALD. He could not recall her address in Fort Worth, but remarked that she was living now in Arlington, Texas, and was a practical nurse by profession.

About four months ago he and his wife, MARINA OSWALD nee Prossa, whom he met and married in Fort Worth, moved to New Orleans.

After coming to New Orleans he said he began reading various pieces of literature distributed by the "Fair Play For Cuba Committee," and it was his understanding from reading this material that the main goal and theme of the committee is to prevent the United States from invading or attacking Cuba or interfering in the political affairs of that country. Further, that the people of this country should be given an opportunity to go visit Cuba, and in this way they could make up their own minds as to what the internal conditions of Cuba are like at the present time. He says he does not consider the "Fair Play For Cuba Committee" to be communist or a communistic-controlled group. OSWALD said that inquiry in New Orleans developed the fact that there
