

JAMES P. HOSTY Washington affidavit, 9/22/75

Refers to his 7/17/75 affidavit, taken right after Johnson told FBI what it was going to print. Say since then has given "constant thought to this entire matter and wish to provide additional information."

Conjectures unreasonably about what was in note and claims he initially connected it with Jimmy George Robinson over an investigation that was of June and not November 1963. Now calls this "stupid" after being told date of Robinson matter.

Says of LHO file that it was in chief clerk's office with a just received FBIHQ LHM of 8/11/18 or 19. Took all to Shanklin. Claims that recent as the Oswald visit and note were, a couple of days, even after he heard Oswald was arrested "it did not enter my mind at that time" to recall the visit and note and it is alleged threat.

Repeats in 1975 that LHO only TSED employee missing which he had to know wasn't true.

Says that beginning about 4:15 p.m. he stayed at police HQ and reviewed LHO's notebook. Unless it was in his pocket too soon to have been obtained on search.

Called back to FO where he says Shanklin and Howe had his workbox and the note in it ("Mr. Shanklin was obviously perturbed.")

Says Shanklin told him to tell all in a memo "making specific reference to the note" which he says he "dictated to Miss Martha Connally." When she finished he hand carried it to Shanklin. By then about 8-9 p.m.

"Nothing further occurred concerning my memorandum and the Oswald note until Sunday, November 24, 1963," after LHO was shot. "Approximately two hours later...Supervisor Howe told me that Mr. Shanklin wanted to talk to us and we both" went to Shanklin's office.

Shanklin told him that with Oswald dead there'd be no trial and "then handed me my memorandum...and told me to get rid of it...I then tore up both copies and the note in the presence of Shanklin and Howe, threw it in the waste basket in Mr. Shanklin's office. He said, 'Get rid of it. Get it out of here.' I then took the torn piece...to the men's washroom...and flushed all the scraps <sup>of paper</sup> down the commode." (A lot sure came back between affidavits!)

These nine pp. are followed by a sheet "Histy Not Signed." It refers to the waiver, not the affidavit. Log says he declined to sign waiver.
