Harold Willard found a piece of wood reading Lee Harvey Oswald, Dallas, Texas, 9/21/63 in C & O box car ~~1642~~ at Lime Kiln, Md., Alpha Portland Cement Co., on 7/13/68 before the car was loaded. The board is 3 1/4 " railroad siding used to protect the load. The writing is on a piece of brown paper generally pasted onto the siding lumber. On the opposite side of the board he wrote the number of the car at the time. The attached sheet is from his shipment book.

I've asked him to ask Ray Wachter make me a picture for me. 2/3/76
