MEMORANDUM

Int. Cir.

TO:

Joseph A. Hall and David Rubin
Federal Bureau of Investigation's Office
Dallas, Texas

FROM:

Samuel L. Smith

I hope that while you are in Dallas you check Oswald's room at 1025 N. Beckley to determine whether certain items were needed and, if they were, whether Oswald had any conversations with either Mrs. Johnson or Mrs. Roberts. I have seen nothing in Government records "Oswald, the Russian Assassin" by a French author who apparently visited Oswald's room and noted with a point of interest for certain in that particular room.
