

Tippit Reconstruction:

Bus stop Doc 1339 is CE 2017 (42H 432-3) This shows the Commission did no, and suppressed from the Report, that the stop at which Mrs Robert saw Oswald waiting for a bus is for a northbound bus. Inspector Kelley phoned the Dallas office of the Secret Service at 12:15 p.m. (Dallas time) 7/28/64 with enough urgency to demand that the results of the investigation of the bus stop and routes "be called back to him at Washington". This was done at 2pm, same date." The written report, also of that date, was accompanied with a map. It is Secret Service Control No. 1719. A copy was sent to Rankin July 31 by Rowley. It bears a GSA rating slip to ~~Rxxx~~ Redlich asking, "Do you know who wanted this information?", with illegible initials. Whoever prepared the documents for printing as exhibits was careful to remove the routing slip that reflected the indifference of the Commission to information that could have - and anywhere else would have- destroyed its already untenable conclusion.

On August 8 (rather late!) the Secret Service reported on its mileage checks on "mileage ~~believed to have been walked by Lee Harvey Oswald on 11-22-63~~ of routes believed to have been walked by Lee Harvey Oswald on 11-22-63" by Howlett, at the phoned request of Kelley. 1026 N. Beckley to 404 E 10th, .9 miles, via Beckley to Davis, east on Davis to Crawford, south on Crawford to 10th., east on 10th to 404. From there to theater, 0.7 miles. Directed to Redlich.

Markham, Helen, Doc. 1379 (CE3122, 26H786-8) See Archive note of 6/30 for stamps, marks, etc., where, as on exhibit, there are indications of indexing.

Mrs. Markham's own son William on July 28 told the FBI his mother "had lied on many occasions, even to members of her immediate family." This is response to the question, both in the language of the report of 7/31, "whether his mother had a reputation for fabricating stories or for lying."

On whether Mrs. Markham perjured herself, note page 2 of the report, P. 786, where on the very day after she heard the tape and gave Liebler the ~~affidavit~~ deposition she told the FBI (7/24) the same story about getting a phone call from a man who identified himself as representing the Dallas police! She identified the tape as that of the conversation she had with the alleged officer! She also admits her son William Edward had gotten into a car with Marguerite Oswald and some men of June 27 and had talked with them, and she gives the story of son James' attempt to escape the police by jumping from her bathroom window, the language of the report being that "he jumped from the bathroom window to the ground below, injuring himself and requiring treatment at a hospital." He jumped 24 ft! and was in jail July 24 when interviewed!
