Attached pages 1 and 4 of 108-82555-28, a preassassination FEIHQ record on LEO that is also 105-3702-4 (Nexico City) reflects that two years before the assassination, in his letters to his Bother Robert, Oswald was as critical of the USSR as Nosenko said he was. (This is one of the things that got Nosenko in the CIA doghouse and kept him there for so long.)

This is more than confirmation of what Nosenko told the FEI. It simply can't be believed that either the USSR or Oswald was putting on such an act when it wasn't even known if Oswald would be back and in a position to assassination JFK.
